

A simpler approach to parking payment, compliance, and visibility.

Propark's Lightning Pay gives parkers an app-free way to pay while helping parking teams support compliance and gain real-time operational insight.

01

Simple for parkers.

- Scan or text to pay
- No app or account required
- Use familiar digital payment options
- Extend parking remotely

02

Supports parking compliance.

- Encourages timely payment
- Supports flexible compliance and enforcement
- Helps address non-payment efficiently
- Lets parkers resolve unpaid parking from their phones

03

Better visibility for operations.

- Tracks revenue, occupancy, and compliance
- Monitors usage and vehicle volume
- Supports stakeholder reporting
- Informs operational decisions

IMPLEMENTATION

No major parking equipment required.

- No kiosks, gates, or meters required
- Clear signage and payment instructions
- Location-specific signage planning
