 - 23.1.2. The Competitor shall carry out the entire loading and firing procedure without assistance.
 - 23.1.3. After firing the last shot of each bout, the Competitor must open the action, remove the magazine, and place the rifle on the firing point mat with the barrel pointing toward the targets, and then exit the firing point and the range in the normal manner.

The competitor's coach is responsible for performing the safety check on the rifle before it is moved to another location – by confirming that there is no inserted magazine, that the action has been opened, and that there is no round in the chamber.

In the case of inclement weather, the Technical Delegate, or in their absence the Chief of Competition or the Chief of Range, may authorize that a designated official close the bolt of the rifles that have been placed in the exit rack to prevent the build-up of snow or ice, but only after inspecting the rifle to verify that the bolt was open, no rounds or empty casings were in the chamber, and that no rounds are present in any magazine inserted into the action of the rifle. This will permit rifles to be carried and to be left in the rifle rack with closed bolts to prevent the ingress of snow and ice when conditions are adverse.
- 24.6. Competitors must not be interfered with when retrieving rifles or when placing rifles into the racks.
- 24.7. At the end of the competition, each Competitor must collect their rifle, prove it to be safe, and proceed to the designated Material Inspection location so that any required inspection can be completed. Age Class Naming Convention

Appendix D – Age Class Naming Convention
