EDUCATION

Bachelor Of Science, Electrical Engineering IIT Bombay

02/2024

Mumbai, Maharashtra

EXPERIENCE

Full Stack Developer PhotonX Technologies

09/2024 - Present

Achievements/Tasks

- Developed and deployed **full-stack features** using **React.js**, **Django**, **Node.js**, and both **GraphQL** and **RESTful APIs** for **e-commerce** and **social media** web/mobile applications.
- Built **dynamic dashboards** and **admin interfaces** with real-time data visualization, incorporating **role-based access control** and scalable backend logic.
- Designed, integrated, and optimized **PostgreSQL** databases, ensuring **data integrity**, performance, and seamless interaction with backend services.
- Collaborated in **Agile teams**, contributing to projects using **Angular**, managing code via **Git**, and implementing **CI/CD pipelines** for efficient deployment.

Full Stack Software Engineer Intern Skyscanner

05/2023 - 07/2023

Remote

Achievements/Tasks

- Built a web application using **React**, enhancing my skills as a front-end engineer at **Skyscanner**.
- Developed a page for picking a travel date using Skyscanner's open-source **Backpack** React library, improving user experience.
- Developed and integrated HDFC bank and Razorpay payment gateways, enabling secure processing for **credit card**, **UPI**, and **net banking transactions**.
- Customized the application and ran automated tests to ensure proper rendering, resulting in a reliable user interface.

INTERESTS

Cutting-Edge Tech Exploration

Passionate about the latest trends in backend development, full-stack development, and AI

AI Enthusiast

Dedicated to expanding knowledge in AI and machine learning

PROJECTS

CarePlus (07/2024 - 08/2024) [🔗](#)

- Developed a modern healthcare website using Next.js and Appwrite for secure appointment scheduling, featuring a Passkey-based admin panel for managing appointments.
- Enhanced user experience and interface with TypeScript, Tailwind CSS, and shadcn-ui, ensuring responsive design and maintainable code.
- Integrated Twilio for real-time communication and deployed on Vercel, leveraging Next.js 14 features for optimized performance and scalability.

Brainwave (05/2024 - 06/2024) [🔗](#)

- Spearheaded the development of a modern website using React and Tailwind CSS, integrating sleek parallax effects and bento box layouts, significantly enhancing user experience and visual appeal.
- Implemented seamless navigation through React Router, ensuring smooth transitions between pages, which improved site usability and user retention.
- Demonstrated advanced front-end development skills by optimizing website performance and responsiveness, deploying on Vercel to achieve fast load times and reliable hosting, positively impacting user satisfaction and engagement.

CERTIFICATES

J.P. Morgan Software Engineering Certificate (09/2023 - 10/2023)

Set up a dev environment, fixed repository issues, and used JPMorgan's Perspective library to create a live graph for real-time trader data feeds

The Complete 2023 Web Development Bootcamp (06/2023 - 10/2023)

Completed "The Complete 2023 Web Development Bootcamp", proficient in building 15+ projects with front-end and back-end technologies

100 Days of Code: The Complete Python Pro Bootcamp for 2023 (03/2023 - 06/2023)

Completed "100 Days of Code: The Complete Python Pro Bootcamp for 2023", built 100+ projects including games, automation, and a custom API
