Certified Turtle-Friendly

WILDLIFE LIGHTING — PROTECTING WILDLIFE THROUGH RESPONSIBLE LIGHTING PRACTICES — CERTIFIED

Thoughtfully Designed for Coastal Environments

Explore our selection of turtle-friendly lighting fixtures, designed to help minimize the impact of artificial light on nesting sea turtles and hatchlings.

From pathlights and deck lights to amber LED options, each fixture offers a practical lighting solution for coastal properties while supporting responsible outdoor lighting practices.

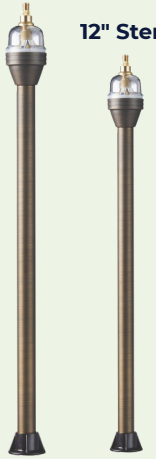

A complete lighting solution. A more thoughtful approach to coastal lighting.

Renewable Universal Power Supply

LTN1-300RUPS / LTN2-300RUPS

Solar Power Anywhere. No Grid Required.

Low Voltage Applications

- Landscape Lighting
- Security Camera / Alarm
- Security Gate
- Electric Fence
- Roadway Signage (DOT)
- Construction Area Lighting
- Roadway Area Lighting
- Irrigation Controller
- Auto Livestock Feeder
- Emergency Power

OFF-GRID FREEDOM | **QUICK INSTALL** | **RELIABLE PERFORMANCE** | **RENEWABLE ENERGY**

Specifications

Battery	300W | 14.2V | 21.1 Ahr Rechargeable (Replaceable)
Charge Cycles	2,000 cycles or 5 years
Operating Temp	-4°F to 140°F
System Warranty	3 years

Timer Operation

- ON/OFF
- Auto (Full Dusk to Dawn)
- Dusk to 2, 4, 6, or 8 hours

Operating Voltage

- Fully charged – 14.2 VDC
- Dropout – 11.8 VDC

Included

LTN1-300RUPS

- (2) 50W Solar Panels
- (1) Expandable Heavy-Duty Bracket
- (1) Stainless Steel Power Station
- (1) 10' Cable for Panel/Power Station
- (1) Y-Shaped Extension Cable for Second Panel

LTN2-300RUPS

- (1) 50W Solar Panel
- (1) Tenon Mount for 2" Round Pole
- (1) Stainless Steel Power Station
- (1) 10' Cable for Panel/Power Station

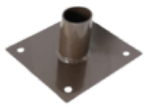

Additional Mounting Options

3" round tenon bracke

3" square tenon bracket

Surfacel mount bracket
