

Partner Deals – Low/No Code Conference 2025

Date: 05/06/2025 Location: Winter Circus (Ghent)

About No Code Belgium

No Code Belgium is a non-profit organization that focusses on 3 goals:

1. Bring together the Low/No Code community in Belgium (events)
2. Create awareness around the low/no code evolution in Belgium (press/events)
3. Explore ways to expand the low/no code talent pool in Belgium (website/events)

We believe that the best way to achieve this, is by working together with all different actors and stakeholders in the low/no code community, including product companies, frameworks, freelancers, citizen developers and agencies.

About the Conference

During the year, we organize, more informal get togethers with different low/no code enthusiasts, typically evolving around a specific topic (Jobs in No Code, sales for no code professionals, UI/UX, Open source, Starting with low/no code... to name a few). These events take place across Belgium and typically attract an audience of 30-50 people.

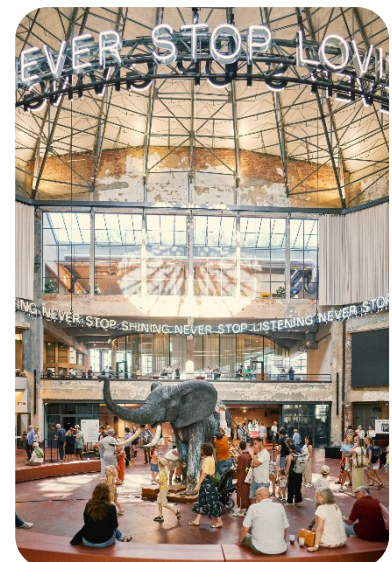

In 2023 we hosted our first 'big' conference in Brussel, attracting about 160 people. Since the community has grown significantly, we aim to gather up to 250-400 people at the conference this year. And to make this a reality, we need your help!

What to expect from the event?

- Inspiring Low/No Code Cases and panel discussions
- 1-on-1 Networking over some food & drinks
- Target: 250-400 low/no code clients and enthusiasts
- All of this will be in the unique setting of Wintercircus Ghent

What can you expect as a sponsor?

- **Exposure** – the event will be promoted on a variety of channels, get visibility within the No Code Belgium Community, press will invited as well
- **Meet prospects** – The event will (in part) be targeting potential low/no code clients.
- **Meet talent** – Get to know some of the most motivated low/no code enthusiasts in Belgium!
- **Showcase** – Depending on the package, you can provide a case or speakers for the event. Showcase the work you're most proud of!
