Investment-grade banks

Where FSCS protection does not apply, spreading deposits across multiple banks helps reduce concentration risk for larger balances.

All investment-grade banks on our platform hold independent credit ratings from Fitch, Moody's or S&P (rated BBB/Baa3 or above), giving a clear indication of their financial strength.

Using investment-grade banks can help preserve capital while maintaining access to consistent, competitive deposit options.

How we keep you protected (and support risk management)

FCA authorised

Insignis is authorised and regulated by the Financial Conduct Authority (FCA) for the provision of payment services.

As a Payment Initiation Service Provider (PISP) we can only initiate payments from your nominated account under explicit instruction from an authorised representative such as a director or signatory.

As an Account Information Service Provider (AISP) we can access and consolidate financial data from your various savings accounts, with your consent, to provide a comprehensive view of your cash holdings.

Security

Dual authorisation adds an extra layer of security by requiring two approvals for transactions, reducing the risk of fraud and errors. This control helps organisations strengthen oversight and ensure compliance with internal financial policies.

Beneficial ownership

Funds are held in your organisation's name and can only be transferred from and to your linked account. Insignis acts as a trustee under a bare trust structure which means that you retain full beneficial ownership of your deposits and any interest earned at all times.

What our members say about us

[EDUCATION](#)[CHARITIES](#)[CREDIT UNIONS](#)

"Before Insignis we spent a great deal of time filling in endless forms, getting together the right signatories, and researching where to place our funds, during which time the markets might well have moved. Signing up with Insignis has removed all of that, and we are now able to place funds in a matter of minutes, with no additional forms to complete. We have access to the best rates and choose only from institutions that meet our investment policy."

Lisa Hughes
COO
The River Learning Trust

"The Insignis platform was easy to set up and is simple to use. It reduces risk by providing opportunity to spread funds over multiple FSCS protected banks, without the need to go through time-consuming account opening processes for each bank. There are a lot of banks available offering easy access, notice, and fixed term products helping us to maximise the rate of interest, meaning more money going back into teaching and learning."

Mike Hobbs
Finance Director
St Thomas Aquinas Catholic Multi Academy Trust

"Opening an account with Insignis was simple and straightforward! The platform is easy to operate. I now have the latest bank rates at hand and have increased my FSCS protection! I would highly recommend Insignis to anyone in the education sector looking for a simple way to access and manage a range of bank accounts without the hassle of visiting multiple banks and fulling in endless forms."

"Helpful Hounds Assistance Dogs was delighted with the service and terms that we received from Insignis when setting up our savings accounts. The personal help and information we received when making our choice of providers was invaluable. Added to that, the method of applying for accounts using a single form, together with the ease of transferring the money made the whole process straightforward."

Peter Rufus
CEO
Helpful Hounds Assistance Dogs

"From the moment we were in touch with Insignis, the process was made easy from start to finish, and the platform is very user friendly. Insignis employees are on hand and very approachable to talk you through the process and answer any queries in a timely manner. "

Anne Hardaker
Head of Finance
Harrogate Neighbours Housing Association Ltd.

"We were holding large cash reserves and, rather than open lots of separate bank accounts, our auditors recommended using a cash platform. From our initial enquiry to day-to-day use, we have found Insignis to be helpful and attentive. The platform is straightforward to use and any queries we have are answered quickly and professionally. We are delighted to be using Insignis and have no hesitation to recommend them to other charities. "

[EDUCATION](#)[CHARITIES](#)[CREDIT UNIONS](#)

"I looked at several cash management platforms before settling on Insignis. It was clear that they were easy to work with, very responsive and had done some research on credit union needs. We can quickly and easily spread our risk, investing our excess funds for maximum return without the hassle of dealing with multiple banks and deposit takers."

Mike Barry
Operations Manager
First Rate Credit Union

"Using Insignis simplifies the whole KYC process when starting a new relationship with a bank. Plus, it gives us access to enhanced rates and to some banks that do not deal directly with credit unions. The platform is simple to use and intuitive."

Steve Allen
CEO
Hillingdon Credit Union

"We find Insignis so easy to work with. As a small credit union, we would spend a disproportionate amount of time seeking the best rates and then having to complete all the paperwork necessary to open accounts. Now our Treasurer can access all the information and once approved by the Board, the investments are straightforward to make."
