Save time

Insignis saves time by streamlining the onboarding process. You only need to go through onboarding once, eliminating the need to repeatedly fill in multiple application forms for each savings account.

How we keep you protected (and support risk management)

FCA authorised

Insignis is authorised and regulated by the Financial Conduct Authority (FCA) for the provision of payment services.

As a Payment Initiation Service Provider (PISP) we can only initiate payments from your nominated business account under explicit instruction from an authorised representative such as a director or signatory.

As an Account Information Service Provider (AISP) we can access and consolidate financial data from your various savings accounts, with your consent, to provide a comprehensive view of your cash holdings.

Security

Dual authorisation adds an extra layer of security by requiring two approvals for transactions, reducing the risk of fraud and errors. This control helps businesses strengthen oversight and ensure compliance with internal financial policies.

Beneficial ownership

Funds are held in your business' name and can only be transferred from and to your linked account. Insignis acts as a trustee under a bare trust structure which means that you retain full beneficial ownership of your deposits and any interest earned at all times.

Case study: Perlego

Background

Perlego, a subscription-based platform offering digital textbooks to B2C and B2B users, successfully raised \$20 million in 2024. Perlego faced challenges in treasury management. The Silicon Valley Bank collapse further underscored the need to diversify cash holdings across multiple banks.

Challenge

Without a dedicated treasury team, Perlego's Finance Director needed an efficient solution to support the company in:

- Mitigating risk by diversifying funds across multiple banks
- Earning competitive interest on surplus cash
- Managing their cash without additional internal resources

Solution

Perlego partnered with Insignis, gaining access to 50 UK banks and building societies enabling them to increase interest income and manage their cash on one platform.

"We've been using Insignis for the past 18 months and have found it a straightforward and convenient way to manage our cash deposits. There is a wide array of institutions and rates available which are sometimes more competitive than the quotes we get directly from our banks!"

Kirsty Lowe
Finance Director at Perlego

What our members say about us

"Insignis is proving a very efficient way for us to invest our excess cash deposits. Rates are competitive and it is incredibly easy to place funds according to our needs. It's great that we can do almost everything we need via the self-serve platform, but the team is always there to answer any questions we have."

Daisy Meakin
COO
xUnlocked

"Before Insignis, we spent a great deal of time filling in the endless forms, getting together the right signatories, and researching where to place our funds, during which time the markets might well have moved. Signing up with Insignis has done away with all of that, and we are able to place funds in a matter of minutes, with no additional forms to complete. We have access to best rates, and choose only from institutions that meet our investment policy."

Ross Hendron
Finance Director
McAlpine

"Before Insignis, we accepted a lower rate of interest with incumbent banks due to the time and resource needed to set up new accounts. This was considerable given the interest rate volatility we are seeing in the market. Signing up with Insignis has done away with all of that for a modest fee. We are happy with the service provided and would gladly recommend Insignis to other companies like us."

Finance Manager
Lapland UK

How our fees work

Fees are calculated daily as a percentage of total deposits held on the platform and are collected monthly in arrears at the end of each month.

There are no setup, administration, or transaction fees, regardless of deposit size. As an intermediary financial service, our fees are exempt from VAT.

The full savings rates offered by our deposit-takers are passed directly to you without deductions.
