About Holly - Holly is a Missouri-based award winning photographer who specializes in photographing the wild horses found roaming the Ozark foothills near Eminence, Missouri. Her photos have been described as having an "eclectic mixture of soft, near water color effects on florals - almost Japanese in delicacy and Zen-like in simplicity - contrasted with sharp, clean linear architectural images." She is also an instructor with the Academy of Nature and Wildlife Arts, based in St. Louis, MO and Best of Missouri Hands juried member. As the saying goes, there are always two subjects in any photo: the one in front of the camera and the one behind the camera. With her images of the horses, especially, Holly beautifully illustrates that concept.
