HIGHLIGHTS OF THE MONTH

What better way to start October than by taking advantage of the reopening of the towers of Notre-Dame? After several years of waiting, it is once again possible to admire this architectural masterpiece and its magnificent 360° panorama of Paris, by reservation. Feel free to contact our Concierge team to reserve your tickets! And while Fashion Week announces the trends for this winter, the Musée de Cluny invites you to rethink your assumptions about the Middle Ages through an extraordinary exhibition combining authenticity, fiction, and illusions. Paris never ceases to amaze us.
