Aria

Year 8

12-year-old student

Aria is a reflective learner who loves life at MVA. With more space and support, she's become more confident in her learning and more open to new ideas. Her mentor **Jodie** offers weekly structure and gentle encouragement. Aria enjoys **French** and **Classical Civilisation**, as well as hearing stories from students across the UK and around the world during **Assembly**. She's started making friends in **Creative Writing** and **Chess Club**, and enjoys having time to express herself without feeling rushed. She's excited to visit the **Roman Baths** with Years 7 to 9 in the coming months.
