## WHOLEGARMENTS

The garment comes out of the machine fully shaped and assembled

Wholegarment garments are made with tubular knitting technology.

The machine knits the entire piece in 3D, sleeves, body and neckline in one go.

- ZERO WASTE
- NO SEAMS AT ALL
- ONLY FINAL YARN-END FINISHING REQUIRED
- HIGH KNITTING PROGRAMMING COST
- LIMITED SHAPING POSSIBILITIES
- RESTRICTED STITCH OPTIONS

NO SEAMS

# WHICH TECHNIQUE SHOULD YOU CHOOSE? IT DEPENDS ON...

- GARMENT TYPE
- FIT & PRECISION NEEDED
- WASTE VS SPEED PRIORITIES
- SEAM TYPE & COMFORT
- BUDGET & PRODUCTION SCALE

**FULLY-FASHIONED:** more refined and durable, with less waste and superior fit.

**CUT & SEWN:** more affordable and faster, but lower in quality and durability.

**WHOLEGARMENT:** maximum comfort and zero seams, ideal for those seeking technically advanced and sustainable garments.
