

FluidTM
WATERCRAFT

SWR 13

Featuring an aluminum hull, optional Rescue Pro Engine, carrying handles, and weighing only 181 lbs., the Fluid Boats Swift Water Rescue 13 (SWR 13) is a durable, lightweight, easy-to-launch boat for river and flood rescues. Fluid's military grade ORCA Hypalon Tubes withstand the elements and are tear and puncture resistant. The aluminum hull won't get damaged when stored or used in water with tree branches, rocks or other debris. The optional Rescue Pro Engine's enclosed rotor protects people and the engine from accidental impacts with the propeller.

Law enforcement, Fire Departments, Space Programs and Commercial Organizations trust Fluid Boats because they're **Made for Any MissionTM**.

Swift Water Rescue 13
