2027 VRC Benefits

Open Enrollment

Healthcare Cost Trends

vRad is continually investing in our team members and remains focused on keeping our benefit program strong, competitive, and sustainable—balancing quality coverage with cost management as the healthcare and economic landscape evolves. This year, we are proud to limit the increase for our VRC team members to +5% for 2027 medical benefits with no increases to dental or vision coverage.

Healthcare costs continue to rise nationwide

- Healthcare spending is growing faster than overall inflation, driven by higher prices for medical services, specialty drugs, and increased utilization
- Employers across all industries are experiencing significant year-over-year premium increases

We all have a role to play in impacting these cost trends

- Take advantage of preventive care and wellness resources to stay healthy and detect issues early
- Use in-network providers and cost comparison tools when possible to manage your out-of-pocket costs and overall plan spend
- Engage in condition management programs that help avoid serious or costly complications
- Remember: healthier habits today help reduce costs—for you, your family, and your teammates

First-Time Open Enrollment in Workday

We encourage all teammates to confirm their access to Workday early to:

- Review current benefits and personal information
- Confirm if any elections should be updated or changed
- Submit any required dependent documentation if adding new dependents to your plan
- Make Flexible Spending Account (FSA) elections you must re-enroll if you wish to participate in 2027
- Make HSA elections if enrolling in the HDHP 3000 plan, you must re-enroll if you wish to contribute in 2027; You may contribute up to the annual maximum, (less vRad contribution) in Workday

Note: Changes can not be made to your benefit elections after OE closes unless you experience a Qualified Life Event (QLE).

Spotlight on High-Deductible Health Plans

How HDHP HSA and HRA Plans Work

- Comprehensive medical coverage on the same, national Anthem Blue Cross network of providers
  - Anthem National PPO (Blue Card PPO)
- Higher Deductible = lower premium
- You pay $0 for preventive care (covered at 100%)
- You pay 100% on all other eligible services until you meet the plan deductible *
- Once you meet your deductible, then you pay 20% coinsurance (in-network)
- You pay $0 after meeting the annual out-of-pocket maximum

Use your HSA / HRA for out-of-pocket expenses

* Prescription drugs are not subject to deductible on the HDHP HRA 4000

HSA Basics

Health Savings Account (HSA)

How you can use it
