	<b>Advantage 3.5% DPA</b>	
	•	Forgiven once the borrower makes 36 consecutive on-time payments on the FHA first mortgage. (The borrower must request forgiveness once forgiveness conditions are met and provide payment for processing the lien release.)
	•	This forgiveness period resets if the borrower makes a late payment on the first mortgage.
	•	If this forgiveness condition is not met before the end of the 30-year term, then the loan may be forgiven at the borrower's request and upon the borrower's payment of processing the lien release.
	•	This loan permanently loses its forgivable status if, during the initial 36 payments on the first mortgage, the borrower refinances the first mortgage and state law allows the second mortgage to subordinate without prior consent.
	<b>Advantage 5.0% DPA</b>	
	•	Forgiven if all borrower payments are less than 60 days late on the first 120 payments on the FHA first mortgage. (The borrower must request forgiveness once forgiveness conditions are met and provide payment for processing the lien release.)
	•	This forgiveness period does not reset if any of the first 120 payments on the FHA first mortgage are 60 or more days late; in such a situation, the loan would not be forgiven after the first 120 payments on the FHA first mortgage, but the loan would still have a 0% interest rate and no monthly payment for the rest of the 30-year term.
	•	If this loan is not forgiven after the first 120 payments on the FHA first mortgage and this loan reaches the end of its 30-year term, then the loan may be forgiven at the borrower's request and upon the borrower's payment of processing the lien release.
•	This loan permanently loses its forgivable status if during the initial 120 payments on the first mortgage the borrower refinances the first mortgage and state law allows the second mortgage to subordinate without prior consent.
