Micro.

ITA **Micro.** è un progetto.

Un progetto aperto e in continuo sviluppo che ricerca l'essenza, il minimo comun denominatore. Cerchiamo l'ergonomia, la sintesi, quella piccola cosa che può cambiare davvero la nostra vita in meglio. Hai presente? Un materiale più leggero e resistente, un rivestimento modellabile, non mettendo mai da parte la bellezza, la comodità e l'uso che ne farai. Collaboriamo con i migliori designer al mondo per portare avanti questo progetto perché ci piace sognare un futuro prossimo dove tutto quello che abbiamo intorno sia così.

ENG **Micro.** is an open project, a work in progress.

We search the essence, the lowest common denominator. We search ergonomics, synthesis, that little thing can really change our lives for a better living. Do you know what we mean? A more lightweight and resistant material, a moldable coat for example. Beauty, comfort and the use you're going to make of our products is our primary target. We work with the best designers in the world to carry out this project. We dream a future where all you have around is better than ever.

Design  
Roberto Cicchiné

ITA Un listello rettangolare in gres porcellanato nei 13 colori Micro. disegna pavimenti e rivestimenti attraverso una varietà di schemi di posa. Utilizzato in mix cromatici o anche che in tinta unita, Joint crea atmosfere diverse che si adattano ai vari stili di vita e ambienti. Un attento studio delle fughe e l'uso di sigillanti in colori abbinati creano un'ulteriore opportunità estetica che acquisisce quel sapore senza tempo tanto caro alle collezioni Micro.

ENG A porcelain stoneware rectangular listel in the 13 Micro. colors, designs floor and wall coverings through a variety of laying patterns. Used in chromatic mixes or even in solid colours, Joint creates different atmospheres that adapt to the various living styles and environments. A careful study of the joints and the use of sealant in matching colours creates an additional aesthetic opportunity that acquires that timeless flavour so dear to the Micro. collections.
