You're going to **Love** what **Lolly** can do

LOLLY EDGE

Touch Screen EPoS System

About The Product

The Lolly Edge is an future-driven touch screen EPoS device, which can assist with your business' operations in reducing queues during busy work hours, while providing a higher tier customer experience. The Lolly Edge is able to achieve this by speeding up ordering processes, capable of performing swift and secure transactions that guarantee a hassle-free experience for both your customers and staff.

Have the Edge over your competitors, and see what the Lolly Edge can do to tackle the pain points of your business' operations, with its stable countertop format and elegant design that can be seamlessly tailored to the space and setup of your working environment.

- **Intuitive** luminous touchscreens for seamless interaction.
- **Webcam** connectivity for facial recognition.
- **Accessible** customer account to view activity and order history.
- **Multiple** fast payment options, i.e., card, voucher, cryptocurrency.
- **Splash** and dust protection for durability in various environments.

Move Forward with Lolly

Lolly's innovative solutions have helped contract caterers and independent businesses across all sectors to be more efficient, more agile, and more profitable.
