LOLLYWAVE

Touch Screen EPOS System

LOLLYWAVE
Touch Screen EPOS System

About The Product

The Lolly Wave is a smart investment for any business looking to level-up its efficiency with the assistance of cutting-edge tech. This intelligent EPoS system's capabilities of increasing order throughput in busy environments matches its ability to conserve energy, giving businesses a more economically superior product. Its recommended colour variants include matte black and matte white to suit a range of store environments, also compatible with various payment types.

While other businesses are floating, yours could be making waves, thanks to the Lolly Wave's easy-to-use features that will elevate your staff's daily routines while satisfying every customer. Its purpose-built capabilities will help reduce wait times, track all data in real-time, and more.

- **Intuitive** luminous touchscreens for seamless interaction.
- **Webcam** connectivity for facial recognition.
- **Accessible** customer account to view activity and order history.
- **Multiple** fast payment options, i.e., card, voucher, cryptocurrency.
- **Splash** and dust protection for durability in various environments.

Move Forward with Lolly

Lolly's innovative solutions have helped contract caterers and independent businesses across all sectors to be more efficient, more agile, and more profitable.
