

LOLLYMOVE

Touch Screen Mobile POS System

You're going to **Love**
what **Lolly** can do.

LOLLYMOVE

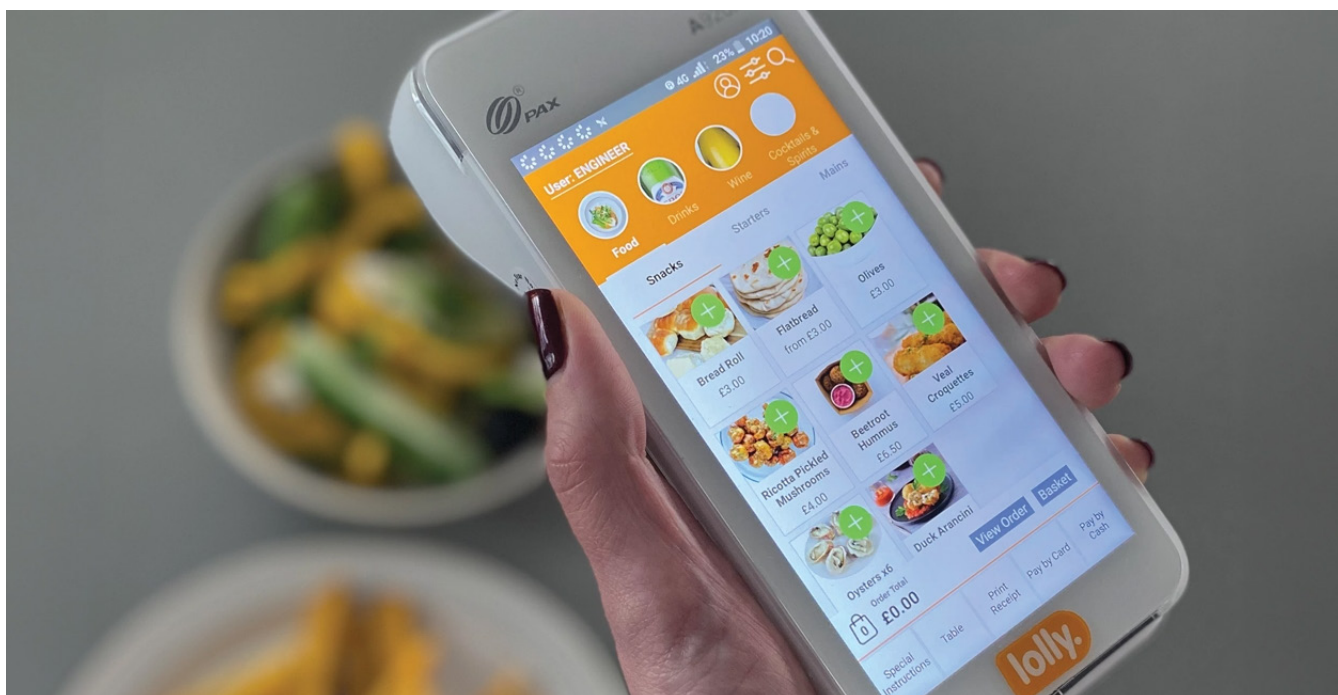

Touch Screen EPOS System

About The Product

The Lolly Move is an innovative system that is becoming increasingly more popular in businesses. These hand-held devices are capable of taking orders as well as completing payment transactions while on the go, bringing all needs of the customer directly to them. The mobility of this tech makes it an essential tool within the hospitality sector, from sit-down establishments to standing events, therefore maximising customer experiences in all settings.

Move with the times and experience the Lolly Move to see how going mobile can speed up your business' operations and make the order management process simpler for both your staff and customers. The device even features a built-in printer which issues customer receipts on the go.

- **Lightweight** device with intuitive user interface.
- **All-in-one** ordering and payment technology.
- **High-speed** processors ensuring swift transactions.
- **Continuous** software updates delivering enhanced functionality.
- **Full** technical support providing uninterrupted operation.

Move Forward with Lolly

Lolly's innovative solutions have helped contract caterers and independent businesses across all sectors to be more efficient, more agile, and more profitable.

Key Software Features
