

LOLLY FALCON

Touch Screen EPOS System

You're going to **Love**
what **Lolly** can do.

LOLLY FALCON

Touch Screen EPOS System

About The Product

The Lolly Falcon is an innovative touch screen EPoS device, ideal for busy environments with the proven ability to speed up efficiency when taking customer orders. Additionally, the Lolly Falcon EPoS device is built for Android operating system compatibility, allowing for a more cost-effective and scalable solution. The Lolly Falcon is compact, durable, and robust, and is programmed with state-of-the-art software designed to suit both small and large businesses.

Explore how the Lolly Falcon can help handle the soaring demands of your business, with its stable countertop format and space-saving design that can swiftly process transactions in high quantities, which cope extremely well in busy environments.

- **Intuitive** luminous touchscreens for seamless interaction.
- **Webcam** connectivity for facial recognition.
- **Accessible** customer account to view activity and order history.
- **Multiple** fast payment options, i.e., card, voucher, cryptocurrency.
- **Splash** and dust protection for durability in various environments.

Move Forward with Lolly

Lolly's innovative solutions have helped contract caterers and independent businesses across all sectors to be more efficient, more agile, and more profitable.
