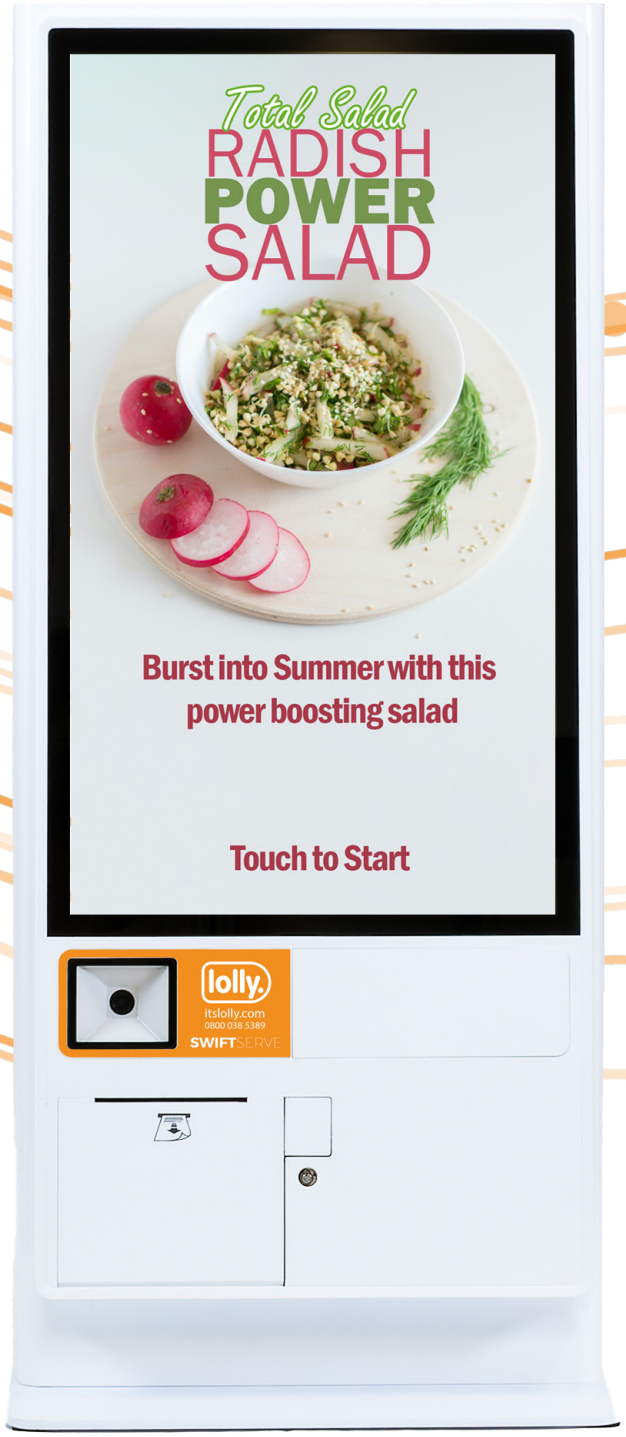
LOLLYSWIFTSERVE

Intuitive Self-Serve Technology



You're going to **Love**
what **Lolly** can do.

LOLLY SWIFTSERVE

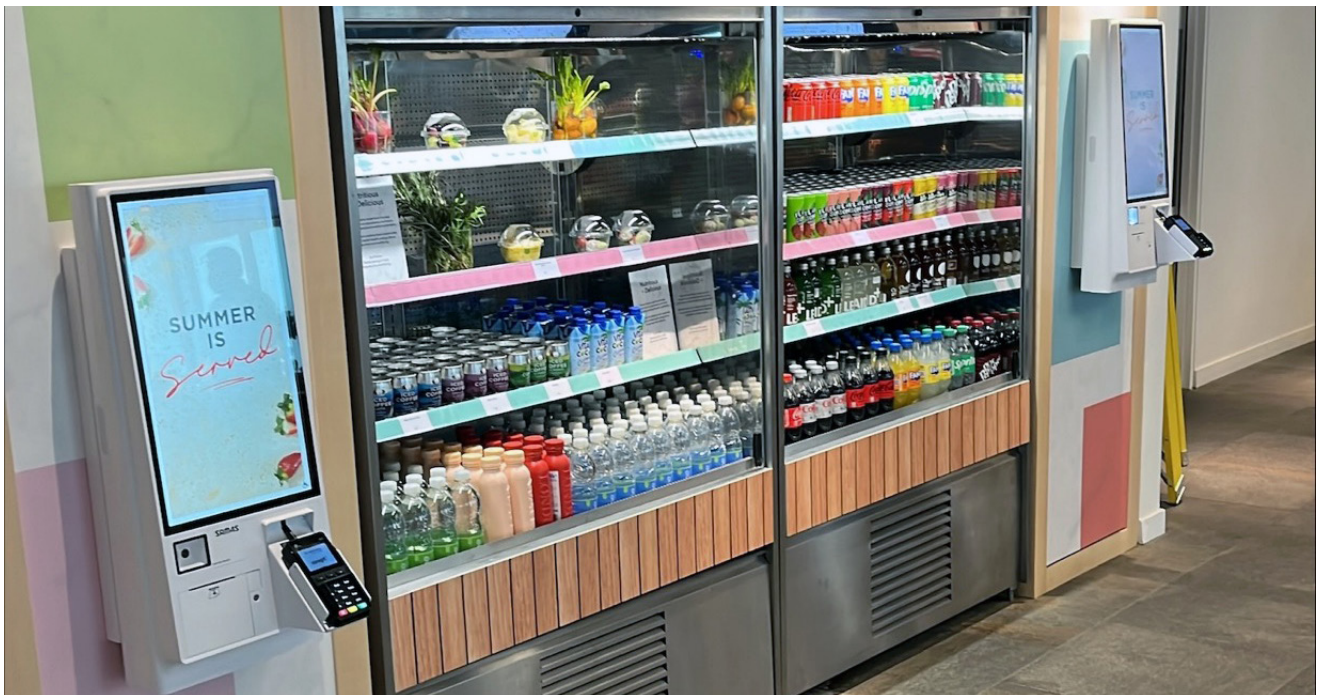
Intuitive Self-Serve Technology

About The Product

The Lolly Swiftserve is a counter mounted, innovatively designed self-serve interface. The Lolly Swiftserve is capable of quickly taking customer orders at high volume, with the Swiftserve cementing itself as being one of the most versatile self-serve products that Lolly offers. This kiosk's game-changing capabilities provide a faster ordering and smoother checkout process that promotes maximum efficiency in any catering business.

Get swift results with the Lolly Swiftserve and witness the benefits this self-serve technology can offer for your business. With a built-in printer, a 2D scanner, a mount for equipping payment terminals, and more, the Lolly Swiftserve is a compact solution that caters to your needs.

- **Intuitive** software with user-friendly touch screen interface.
- **Viewable** customer activity and order history upon customer login.
- **Available** loyalty point collection when scanning the Lolly App.
- **Detailed** nutritional and allergen information for all orders.
- **Accepts** multiple fast payment options, i.e., card, cryptocurrency, etc.



Move Forward with Lolly

Lolly's innovative solutions have helped contract caterers and independent businesses across all sectors to be more efficient, more agile, and more profitable.
