

LOLLYORDER

Kitchen Management Screens For Catering

You're going to **Love**
what **Lolly** can do.

LOLLYORDER

Kitchen Management Screens For Catering

About The Product

The Lolly Order is an effective customer-facing Order & Collect system that showcases all customers' orders that are placed in real-time. This display is split into two columns; the left-hand side shows all customer order numbers as their items are being prepared. The right-hand side shows all customer order numbers whose items are ready for collection. This intuitive front of house system enables both staff and customers to enjoy a systematic, hassle-free service.

Looking for ways to introduce more organisation within your business' day-to-day operations? With the Lolly Order, the customer journey has never been more straight forward, thanks to Lolly's fully integrated systems that make food ordering & collection easier for all.

- **Displays** all information via a simple user-friendly interface.
- **Replaces** traditional printer & paper ticket systems.
- **Integrates** with an unlimited number of touchscreens.
- **Provides** continuous software updates for optimum functionality.
- **Offers** full technical support ensuring uninterrupted operation.

Move Forward with Lolly

Lolly's innovative solutions have helped contract caterers and independent businesses across all sectors to be more efficient, more agile, and more profitable.

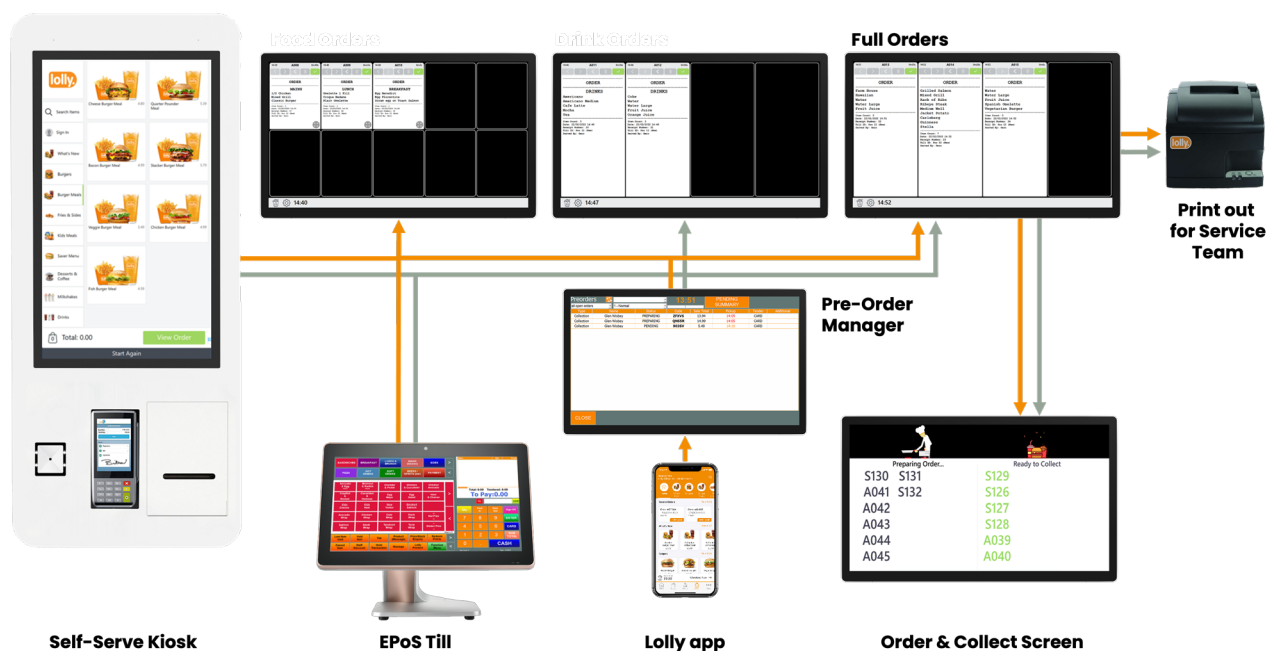

Key Software Features

- Track orders through each stage of the dining process.
- Inform kitchen staff in real-time on customer orders.
- Allergen information to keep customers safe.
- All orders made via PoS & Self-Serve go to the screen.
- Order & Collect screens update upon completion.
- Order progress notifications go to App customers.
- Track waste management to increase efficiency.
- Manage inventory to control stock costs.

1. Setup Assistance: We provide installation planning services for Kitchen Management systems to ensure your system meets your precise needs.

2. Complete Integration: We configure our existing software to interact with our range of Kitchen Management systems, providing maximum control over your order processes.

3. Technical Support: Kitchen Management technical support hours: Weekdays (07.00 to 17.30). Emergency support hours: Weekdays (17.30 to 22.00), Weekends/Bank Holidays (7.00 to 22.00).

Innovative Solutions That Work Together

Each of our products connects to Lolly HQ – our cloud-based management information system – for seamless integration, monitoring and reporting across your whole business, all in one place.
