Intuitive Self-Serve Technology

You're going to **Love**  
what **Lolly** can do.

# LOLLY SMARTSERVE

## Intuitive Self-Serve Technology

### About The Product

The Lolly Smartserve is a counter mounted, self-serve kiosk that is revolutionising the future of the hospitality industry by enhancing customer experience. The Lolly Smartserve is capable of performing a whole host of functionalities; recording the Co2 output of customer orders, reading in-app coupons and/or printed vouchers via its 2D scanner, and issuing customer receipts from its built-in printer are a few of the Lolly Smartserve's many innovative features.

Work smarter, not harder, by bringing the Lolly Smartserve self-serve kiosk into your business' operations. Its interface also showcases a range of up-sell products on-screen when customers add items into their basket and proceed to checkout, helping to increase average order value.

- **Intuitive** software with user-friendly touch screen interface.
- **Viewable** customer activity and order history upon customer login.
- **Available** loyalty point collection when scanning the Lolly App.
- **Detailed** nutritional and allergen information for all orders.
- **Accepts** multiple fast payment options, i.e., card, cryptocurrency, etc.

### Move Forward with Lolly

Lolly's innovative solutions have helped contract caterers and independent businesses across all sectors to be more efficient, more agile, and more profitable.
