what **Lolly** can do

LOLLY COUNTERSERVE

Intuitive Self-Serve Technology

About The Product

The Lolly Counterserve is a counter mounted, compact self-serve device that provides an easy-to-use touch screen interface that improves overall customer experience, thanks to its simplistic yet easy-to-use design. Its on-screen navigation has been purpose-built for use amongst all age ranges, improving the user journey from the initial point of ordering, checkout, through to payment via the corresponding card terminal beside the interface.

Upgrade your operations and improve every customer encounter with the Lolly Counterserve, designed to increase efficiency for both your customers and staff, as well as complete a greater number of orders in a shorter time frame, thus maximising profitability for your business.

- **Intuitive** software with user-friendly touch screen interface.
- **Viewable** customer activity and order history upon customer login.
- **Available** loyalty point collection when scanning the Lolly App.
- **Detailed** nutritional and allergen information for all orders.
- **Accepts** multiple fast payment options, i.e., card, cryptocurrency, etc.

Move Forward with Lolly

Lolly's innovative solutions have helped contract caterers and independent businesses across all sectors to be more efficient, more agile, and more profitable.
