Item 1: Japan's LNG policy and global LNG market outlook

Mr. Takafumi Yanagisawa

Executive Analyst and Manager, Gas Group, Energy Security Unit
Institute of Energy Economics, Japan (IEEJ)

Mr. Yanagisawa is an **Executive Analyst and Manager of Gas Group, Energy Security Unit**, the Institute of Energy Economics, Japan (IEEJ).

His expertise is Japan's Energy Security and International Energy Situations, especially on gas and LNG. Prior to joining IEEJ in 2021, he worked at Mitsui & Co. and was engaged in the investment and marketing business of LNG in addition to Uranium and Coal for over 10 years.

He has conducted research on the relations between government and firms in Japan's energy diplomacy and received his Ph.D. from the University of Tokyo in 2022.

Based on his Ph.D. thesis, he published the book titled "Contemporary Japan's Energy Resource Diplomacy" in 2024.

He has also participated in numerous international conferences, delivering presentations on LNG and energy security topics.
