About Us

- Established in 2004 with a focus on crude oil, Mercuria has become one of the largest integrated energy, metals and minerals trading companies in the world, providing liquidity and risk management solutions to an ever-growing customer base.
- Today the Group trades natural gas, power, emissions, LNG, carbon certificates, environmental products, dry bulk commodities, metals, petrochemicals, LPG, crude oil and refined oil products.
- We bring energy markets together to support the needs of today by trading, structuring finance, and investing into strategic assets, while generating more than \$110 billion in gross turnover in 2024.
- Our main business hubs are in London, Geneva, Dubai, Singapore, Beijing, Shanghai, Calgary, Houston, and Greenwich (CT).
- The Group has been rated investment-grade for a number of key transactions.
- Over recent years, the Group has started to deploy both capital and its broad expertise to the global energy transition.

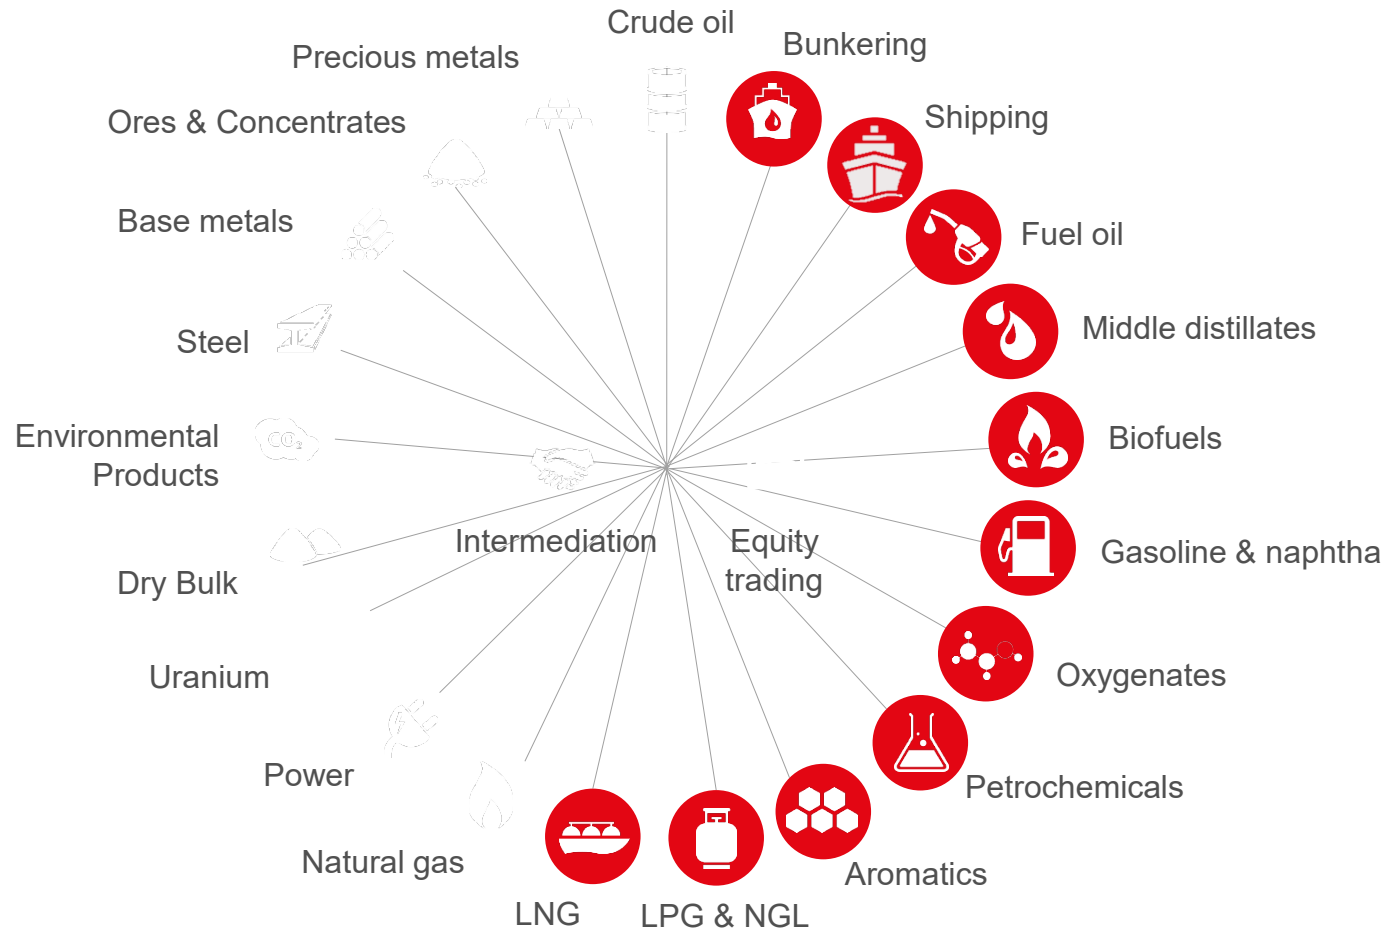

Connecting Markets. Advancing the Energy Transition

Diverse trading portfolio and operations

Providing solutions across markets and cycles

Over the past two decades, we have expanded our trading portfolio from crude oil to a wide range of energy, metals and environmental products.

The diversity of our business operations is one of our core strengths and enables us to rapidly respond to market changes and deliver value across diversified markets.
