

Power the Science.

Upgrade from Legacy to Precision Automation.

Trade In Program for Existing AD Customers

- Trade in your AD dispensing system.
- Upgrade to next-generation precision dispensing.
- Receive 25% savings on Omnia™ Discovery.

Why Upgrade From AD1520™?

- Ultra-fast Pico to Nanoliter dispensing.
- High-precision drop placement.
- Gain Rainmaker™ technology.
- Higher throughput versus legacy AD1520.
- Future ready automation platform.

Why It Matters?

- Increase productivity.
- Reduce assay variability.
- Improve workflow efficiency.
- Scale from R&D to production.

Who Should Upgrade?

- Existing AD users.
- Labs limited by throughput.
- Teams requiring higher dispensing precision.

Trade Your AD1520 for the Omnia Discovery Platform and Save 25% on Omnia Discovery.
