

Power the Science.

Build Your Lateral Flow Workflow Faster, Save 50%!

As part of the Power the Science campaign, BioDot is launching a limited-time promotion to support lateral flow manufacturers in accelerating production and scaling efficiently.

What Is The Offer?

Receive 50% Off **RR120™ Web Handling System**. This promotion enables teams to move faster from development to production while reducing capital investment.

Why This Matters?

- Save over \$65,000 on critical manufacturing equipment.
- Reduce upfront capital investment.
- Accelerate production readiness.
- Enable faster transition from R&D to manufacturing.
- Strengthen operational efficiency for 2026 planning.

Who Should Consider This?

- Lateral flow manufacturers.
- Diagnostic development laboratories.
- Teams scaling from pilot to full production.
- Expand existing BioDot workflow capabilities.

Contact BioDot today to secure this limited-time promotion and strengthen your manufacturing workflow for the year ahead.
