

Eat, Learn & Innovate

Simplifying FISH Workflows with CellWriter™ S

Join us during Lab Week for an exclusive Lunch & Learn featuring the BioDot CellWriter S designed to modernize FISH slide preparation with precision dispensing, workflow automation, and measurable reagent savings. Choose the format that works best for your team: Virtual via Microsoft Teams or an on-site visit from your BioDot Sales Representative. Lunch is on us.

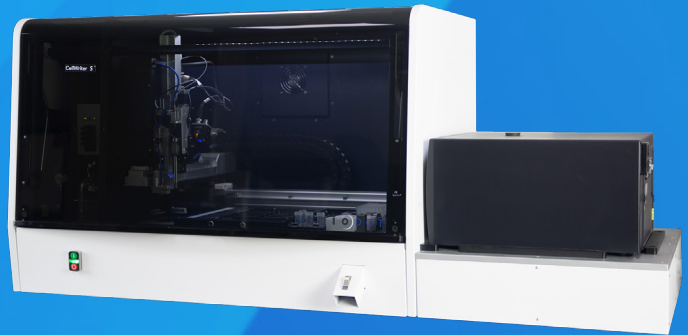

Date:
At Your Convenience

Format:
Microsoft Teams or On-Site Lab Visit

Location:
TBD

Why Attend?

- **Precision Nanoliter Dispensing:** See how the BioDot CellWriter uses proprietary BioJet™ technology to deliver unmatched accuracy while significantly reducing reagent waste.
- **Real Cost Savings & Efficiency Gains:** Learn how automation can reduce manual prep time, improve consistency, and generate long-term savings for your lab.
- **Celebrate Lab Week with Lunch on Us:**– Take a well-deserved break with your team and enjoy a complimentary catered lunch sponsored by BioDot.

Hosted by Erica Philips
Sales Director, BioDot
