### 1 What is the APMP UK Member Support Fund?

The Member Support Fund (“the Fund”) is designed to help APMP UK members access professional development and participation opportunities where cost or access might otherwise be a barrier.

The Fund supports activities that:

- Develop your professional skills and career
- Help you remain active in the profession
- Enable you to contribute back to the wider member community

### 2 Who can apply?

You can apply if you:

- Are an APMP member in good standing for a minimum of 2 years at the time of application
- Are affiliated to the UK Chapter
- Meet any eligibility requirements published for the funding round
- Are applying for an activity that aligns with the Fund’s purpose

Priority may be given to:

- Early-career professionals and apprentices
- Freelancers and sole practitioners
- Members experiencing financial or access barriers
- Under-represented groups within the profession
- Members without employer-funded development support

You do not need to disclose personal circumstances unless you choose to, but the more information you can provide in your application will aid us in the assessment process.

### 3 What can the Fund be used for?

#### 4 How to apply?

1. APMP UK Members submit applications by completing the application form available on the APMP UK website here: [www.apmpuk.co.uk/member-support-fund](http://www.apmpuk.co.uk/member-support-fund).
2. You will be asked to explain:
  - a. What you are requesting funding for
  - b. How it will support your development
  - c. Any barriers the funding will help overcome
3. Applications close on the published deadline

On receipt of an application, APMP UK will conduct eligibility checks against criteria in section 2, and ensure applications are complete. Then our review panel of APMP UK Chapter board members will assess eligible applications against the scoring criteria.

#### 5 How are decisions made?

Applications are assessed by an independent panel against published criteria, including:

- Alignment with the Fund's purpose
- Benefit to you and the wider community
- Financial needs or access barriers
- Equity, diversity, and inclusion considerations
- Value for money and feasibility

If demand exceeds available funding, partial awards may be made to support more members.

All applicants will be notified of the outcome.
