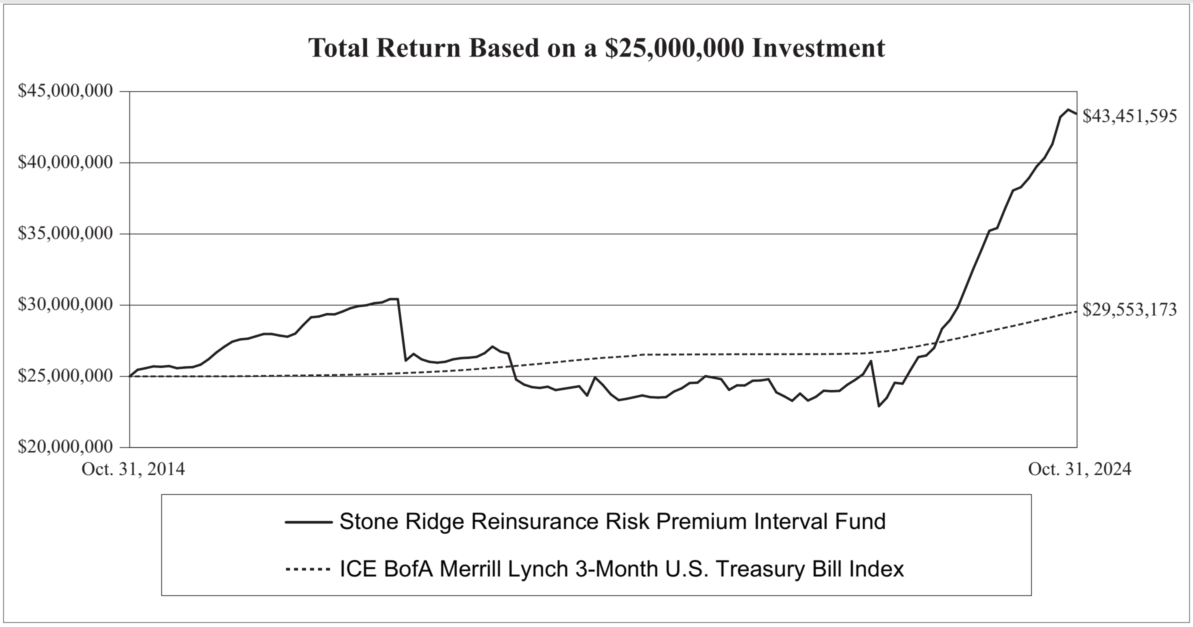
STONE RIDGE REINSURANCE RISK PREMIUM INTERVAL FUND

PERFORMANCE DATA (Unaudited)



This chart assumes an initial gross investment of $25,000,000 made on November 1, 2014. Returns shown include the reinvestment of all dividends. Returns shown do not reflect the deduction of taxes that a shareholder would pay on fund distributions or the redemption of fund shares. In the absence of fee waivers and reimbursements, returns for the Fund would have been lower. Past performance is not predictive of future performance. Investment return and principal value will fluctuate, so that your shares, when redeemed, may be worth more or less than the original cost.

*The **Intercontinental Exchange (ICE) Bank of America (BofA) Merrill Lynch 3-Month U.S. Treasury Bill Index** is an index of short-term U.S. Government securities with a remaining term to final maturity of less than three months. Index figures do not reflect any deduction of fees, taxes or expenses, and are not available for investment.*

AVERAGE ANNUAL TOTAL RETURNS (FOR PERIODS ENDED OCTOBER 31, 2024)

	1-year period ended 10/31/2024	5-year period ended 10/31/2024	10-year period ended 10/31/2024
Stone Ridge Reinsurance Risk Premium Interval Fund	28.25%	12.24%	5.68%
ICE BofA Merrill Lynch 3-Month U.S. Treasury Bill Index	5.42%	2.37%	1.69%

MANAGEMENT'S DISCUSSION OF FUND PERFORMANCE

Stone Ridge Reinsurance Risk Premium Interval Fund is designed to capture the reinsurance risk premium by investing in a broad set of reinsurance-related securities. For the twelve months ended October 31, 2024, the Fund's total return was 28.25%. The Fund's performance is largely based on the occurrence or non-occurrence of natural or non-natural catastrophe events or other loss events around the world, which impact the performance of reinsurance-related securities. The Fund's exposures span many different regions and types of events covered. The last few years have seen a high number of medium-sized catastrophe events, and the reinsurance industry has responded by raising premiums and deductibles. Positive performance was a function of these improved terms and conditions. Despite five landfalling hurricanes in the U.S. during the 2024 hurricane season (including major Hurricanes Helene and Milton), the combination of generationally-high premiums earned during the year and higher deductibles for reinsurance contributed to the strong performance for the Fund during the fiscal year as higher premiums outweighed the impact of any natural catastrophe events that caused losses to the Fund during the fiscal year.

ALLOCATION OF PORTFOLIO HOLDINGS AT OCTOBER 31, 2024 (Unaudited)

STONE RIDGE REINSURANCE RISK PREMIUM INTERVAL FUNDPORTFOLIO ALLOCATION BY YEAR OF SCHEDULED MATURITY		
2024	$ 27,941,726	2.3%
2025	41,721,060	3.4%
2026	75,859,585	6.1%
2027	82,468,174	6.7%
2028	15,094,119	1.2%
2029	268,001	0.0%
Not Applicable(1)	724,008,903	58.4%
Other(2)	272,147,213	21.9%

(1) Effective July 31, 2020, the Fund effected a 1:5 reverse stock split. All historical per share information has been retroactively adjusted to reflect this reverse stock split.

(2) Net investment income (loss) per share has been calculated based on average shares outstanding during the period.

(3) The amount of net realized and unrealized gain per share does not correspond with the net realized and unrealized loss reported within the Statement of Changes due to the timing of capital share transactions and fluctuating market values.

(4) Total return represents the rate that a shareholder would have earned (or lost) on an investment in the Fund (assuming the reinvestment of all dividends and distributions).

The accompanying Notes to the Consolidated Financial Statements are an integral part of these Consolidated Financial Statements.

1. Organization

Stone Ridge Trust II (the “Trust”) was organized as a Delaware statutory trust on July 17, 2013 and is registered under the Investment Company Act of 1940, as amended (the “1940 Act”), as a continuously-offered diversified closed-end management investment company issuing shares. As of October 31, 2024, the Trust consisted of one series: the Stone Ridge Reinsurance Risk Premium Interval Fund (the “Fund”). The Fund commenced operations on December 9, 2013. The Fund offers one class of shares to investors with no front-end or back-end sales charges, a 0.05% fee paid pursuant to the Distribution and Servicing Plan (as discussed below), a 0.05% fee paid pursuant to the Services Agreement (as discussed below), and no repurchase fee. The Trust’s Amended and Restated Agreement and Declaration of Trust authorizes the issuance of an unlimited number of shares.

The Fund has an interval fund structure pursuant to which the Fund, subject to applicable law, conducts quarterly repurchase offers of the Fund’s outstanding shares at net asset value (“NAV”) subject to approval of the Board of Trustees (the “Board”). In all cases, such repurchase offers will be for at least 5% and not more than 25% of the Fund’s outstanding shares. In connection with any given repurchase offer, it is possible that the Fund may offer to repurchase only the minimum amount of its outstanding shares. It is also possible that a repurchase offer may be oversubscribed, with the result that shareholders may only be able to have a portion of their shares repurchased. If the repurchase offer is oversubscribed, the Fund may, in its sole discretion, repurchase an additional number of shares not to exceed 2% of the shares outstanding on the repurchase request deadline. Notwithstanding the foregoing, under certain circumstances, the Fund may, in its discretion, accept shares tendered by shareholders who own fewer than 100 shares and tender all of their shares for repurchase in a repurchase offer. In that case, these shares would be accepted before prorating the shares tendered by other shareholders. In addition, if a repurchase offer is oversubscribed, the Fund will repurchase additional shares in an amount determined by the Board that are tendered by an estate (an “Estate Offer”). If an Estate Offer is oversubscribed, the Fund will repurchase such shares on a pro rata basis. In addition, if a repurchase offer is oversubscribed, the Fund will repurchase additional shares that are tendered by (i) a trust that funds a tax-qualified defined benefit plan that has terminated or that the sponsor or governing body of such plan has voted to terminate or (ii) a limited liability company that is owned by one or more such trusts (the “Defined Benefit Plan Offer”). A “tax-qualified defined benefit plan” means a defined benefit plan that is qualified under section 401(a) of the Internal Revenue Code of 1986, as amended (for example, a corporate defined benefit pension plan or a defined benefit Keogh plan). It does not include, among other things, any defined contribution plan, 401(k) plan or individual retirement account (IRA). If the Defined Benefit Plan Offer is oversubscribed, the Fund will repurchase such shares on a pro rata basis. As a result, there can be no assurance that the Fund will be able to repurchase all of the shares tendered in an Estate Offer or a Defined Benefit Plan Offer. If the Fund repurchases any shares pursuant to an Estate Offer or a Defined Benefit Plan Offer, this will not affect the number of shares that it repurchases from other shareholders in the quarterly repurchase offers. The Fund’s shares are not listed, and the Fund does not currently intend to list its shares for trading on any national securities exchange. The shares are therefore illiquid. Even though the Fund makes quarterly repurchase offers to repurchase a portion of the shares to provide liquidity to shareholders, shareholders should consider the shares to be illiquid. There is not expected to be any secondary trading market in the shares.

The Fund’s investment objective is to achieve long-term capital appreciation. The Fund pursues its investment objective by investing primarily in reinsurance-related securities, including event-linked bonds, preference shares or participation notes issued in connection with quota shares (“Quota Share Notes”), and, to a lesser extent, preference shares or participation notes issued in connection with industry loss warranties (“ILW Notes”), event-linked swaps, equity securities (publicly or privately offered) or the derivatives of equity securities of companies in the reinsurance and insurance industry (collectively, “reinsurance-related securities”).

The consolidated financial statements include the accounts of Point Dume Holdings Ltd which is a wholly-owned and controlled subsidiary of the Fund. All intercompany accounts and transactions have been eliminated in consolidation. Point Dume Holdings Ltd. acts as an investment vehicle in order to invest in derivative or insurance-related instruments consistent with the Fund’s investment objectives and policies. As of October 31, 2024, Point Dume Holdings Ltd’s net assets were $25,555,504, which represented 2.1% of the Fund’s net assets.

2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its consolidated financial statements. The consolidated financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America. The Fund is an investment company and applies specific accounting and financial reporting requirements under Financial Accounting Standards Board Accounting Standards Topic 946, Financial Services - Investment Companies.

(a) Investment Valuation and Fair Value Measurement. The Board has approved procedures pursuant to which the Fund values its investments (the “Valuation Procedures”). The Board has established a Valuation Committee (the “Board Valuation Committee”), which has designated Stone Ridge Asset Management LLC (the “Adviser”) to serve as “valuation designee” in accordance with Rule 2a-5 of the 1940 Act and, in that capacity, to bear responsibility for implementing the Valuation Procedures, including performing fair valuation determinations relating to all investments held by the Fund (as needed), and periodically assessing and managing any material valuation risks and establishing and applying fair value methodologies subject to the oversight of the Board Valuation Committee and certain reporting and other requirements as described in the Valuation Procedures. A committee consisting of personnel of the Adviser (the “Adviser Valuation Committee”) performs certain functions in implementing the Valuation Procedures, including with respect to the performance of fair valuation determinations.

Listed below is a summary of certain of the methods generally used currently to value investments of the Fund under the Valuation Procedures:

With respect to pricing of insurance-linked securities for which at least one designated independent broker provides a price, that price (or, if multiple designated independent brokers provide a price, the average of such prices) will be used to value the security. The Fund typically utilizes an independent data delivery vendor to obtain the prices, average them and communicate the resulting value to the Administrator. If no designated independent broker provides a price for the security in question, the Adviser Valuation Committee will generally utilize prices provided by one or more other brokers that the Adviser has approved to value the security. For certain securities, an administrator or third-party manager may regularly provide net asset values that may be used to determine the price at which an investor can subscribe for or redeem an investment in that security, subject to any relevant restrictions on the timing of such subscriptions or redemptions. The Adviser Valuation Committee will generally rely upon such valuations, with any necessary adjustment to reflect relevant corporate actions (e.g., dividends paid but not yet reflected in the reported net asset value).

Other insurance-linked securities are valued using an insurance industry model pursuant to procedures approved by the Board of Trustees.

Non-prime money market funds and cash sweep programs are generally valued at amortized cost, which approximates fair value.

Other debt securities, including corporate and government debt securities (of U.S. or foreign issuers) and municipal debt securities, loans, mortgage-backed securities, collateralized mortgage obligations and other asset-backed securities (except event-linked bonds) are valued by an independent pricing service at an evaluated (or estimated) mean between the closing bid and asked prices.

For investments in investment companies that are registered under the 1940 Act, the value of the shares of such funds is calculated based upon the NAV per share of such funds. The prospectuses for such funds explain the circumstances under which they will use fair value pricing and its effects.

Exchange-traded derivatives, such as options and futures contracts, are valued at the settlement price on the exchange or mean of the bid and asked prices.

Non-exchange traded derivatives, including over-the-counter (“OTC”) options, are generally valued on the basis of valuations provided by a pricing service or using quotes provided by a broker/dealer (typically the counterparty).

Generally, the Fund must value its assets using market quotations when they are readily available. If, with respect to any portfolio instrument, market quotations are not readily available or available market quotations are deemed to be unreliable by the Adviser Valuation Committee, then such instruments will be valued as determined in good faith by the Adviser Valuation Committee. In these circumstances, the Fund determines fair value in a manner that seeks to reflect the market value of the security on the valuation date based on consideration by the Adviser Valuation Committee of any information or factors it deems appropriate.

Fair value pricing may require subjective determinations about the value of a portfolio instrument. Fair values may differ from quoted or published prices, or from prices that are used by others, for the same investments. Also, the use of fair value pricing may not always result in adjustments to the prices of securities or other assets or liabilities held by the Fund. It is possible that the fair value determined for a security may be materially different than the value that could be realized upon the sale of such security. Thus, fair valuation may have an unintended dilutive or accretive effect on the value of shareholders' investments in the Fund.

A substantial portion of the Fund's investments are U.S. dollar denominated investments. Investments initially valued in currencies other than the U.S. dollar are converted to U.S. dollars using exchange rates obtained from pricing services. As a result, the NAV of the Fund's shares may be affected by changes in the value of currencies in relation to the U.S. dollar. International markets are sometimes open on days when U.S. markets are closed, which means that the value of foreign securities owned by the Fund could change on days when Fund shares cannot be bought or sold. The value of investments traded in markets outside the U.S. or denominated in currencies other than the U.S. dollar may be affected significantly on a day that the NYSE is closed, and the NAV of the Fund's shares may change on days when an investor is not able to purchase shares or sell shares in connection with a periodic repurchase offer. The calculation of the Fund's NAV may not take place contemporaneously with the determination of the prices of foreign securities used in NAV calculations.

The Fund adheres to authoritative fair valuation accounting standards that set out a hierarchy for measuring fair valuation inputs. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value and a discussion of changes in valuation techniques and related inputs during the period. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 Inputs: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Fund can access at the measurement date;

Level 2 Inputs: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly including inputs in markets that are not considered to be active or in active markets for similar assets or liabilities, observable inputs other than quoted prices and inputs that are not directly observable but are corroborated by observable market data;

Level 3 Inputs: significant unobservable inputs for the asset or liability.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Adviser. The Adviser considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Adviser's perceived risk of that instrument.

There were transfers between Level 2 and Level 3 during the reporting period. The transfers from Level 2 to Level 3 occurred because there was no longer observable market data for these securities as of October 31, 2024. The transfers from Level 3 to Level 2 occurred because previously unobservable market data became available as of October 31, 2024. The following table summarizes the inputs used to value the Fund's investments as of October 31, 2024:

DESCRIPTION	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL

(1) Includes Level 3 investments with a value of zero.

(2) For further security characteristics, see the Fund's Consolidated Schedule of Investments.

Below is a reconciliation that details the activity of securities in Level 3 during the year ended October 31, 2024:

	EVENT-LINKED BONDS	PARTICIPATION NOTES	PREFERENCE SHARES	PRIVATE FUND UNITS	LIMITED LIABILITY PARTNERSHIP
Beginning Balance—November 1, 2023	$ 1,943,701	$ 9,918,495	$ 753,578,077	$ 651,592	$ 4,929,014
Acquisitions	39,552	501,790	89,351,763	—	—
Dispositions	(2,058,513)	(10,444,816)	(121,128,977)	(558,230)	—
Realized gain (loss)	(2,789,430)	(1,969,634)	(14,689,692)	(1,547,268)	—
Return of capital	—	(16,613)	(61,865,320)	—	(1,753,650)
Change in unrealized appreciation/ (depreciation)	3,408,537	2,215,919	78,763,052	1,453,906	15,258,470
Transfers out of Level 3	(432,808)	—	—	—	—
Transfers into Level 3	1,498,656	—	—	—	—
Ending Balance—October 31, 2024	**$ 1,609,695**	**$ 205,141**	**$ 724,008,903**	**$ —**	**$18,433,834**

As of October 31, 2024, the change in unrealized appreciation (depreciation) on positions still held in the Fund was $(249,934) for Event-Linked Bonds, $(191,366) for Participation Notes, $17,403,547 for Preference Shares, and $15,258,470 for Limited Liability Partnership.

Unobservable inputs included original transaction price, losses from severe weather events, other natural and non-natural catastrophes and insurance and estimated reinsurance premiums. Significant decreases in premiums or increases in losses related to severe weather or other natural and non-natural catastrophes in isolation would result in a significantly lower fair value measurement. Participation notes, preference shares and private fund units are monitored daily for significant events that could affect the value of the instruments.

The following table summarizes the quantitative inputs used for investments categorized as Level 3 of the fair value hierarchy as of October 31, 2024:

TYPE OF SECURITY	INDUSTRY	FAIR VALUE AT 10/31/24	VALUATION TECHNIQUES	UNOBSERVABLE INPUTS	RANGE	WEIGHTED AVERAGE[(1)]
Participation Notes	Financial Services	$ 205,141	Insurance industry model	Estimated losses:	$0.1MM-$4.4MM	$ 1.7MM
				Estimated premiums earned:	$0.1MM-$3.9MM	$ 1.7MM
Preference Shares	Financial Services	$724,008,903	Insurance industry model	Estimated losses:	$0.0MM-$284.1MM	$21.6MM
				Estimated premiums earned:	$0.0MM-$451.6MM	$46.5MM
Limited Liability Partnership	Financial Services	$ 18,433,834	Insurance industry model	Estimated losses:	$0.0MM-$22.9MM	$11.2MM
				Estimated premiums earned:	$0.0MM-$38.4MM	$21.1MM

(1) Weighed by relative fair value.

The Level 3 securities listed above were fair valued by the Adviser Valuation Committee using an insurance industry model pursuant to procedures approved by the Board of Trustees. Other Level 3 securities not listed above were fair valued by the Adviser Valuation Committee using indicative bids pursuant to procedures approved by the Board of Trustees and have a value equal to $1,609,695 for Event-Linked Bonds.

Derivative Transactions — The Fund did not engage in derivatives for hedging and speculative purposes during the year ended October 31, 2024.

Futures Contracts — The Fund may purchase and sell futures contracts. The Fund uses futures contracts to hedge interest rate and foreign exchange rate exposure. With futures, there is minimal counterparty credit risk to the Fund since futures are exchange-traded and the exchange's clearinghouse, as counterparty to all exchange-traded futures, guarantees the futures against default. Upon entering into a contract, the Fund deposits and maintains as collateral, an initial margin as required by the exchange on which the transaction is effected. Pursuant to the contract the Fund agrees to receive from or pay to the broker, an amount of cash equal to the daily fluctuation in value of the contract. Such receipts or payments are known as variation margin and are recorded by the Fund as unrealized gains and losses. Variation margin is settled daily. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed. The Fund did not hold futures contracts during the year ended October 31, 2024.

Options — The Fund may purchase and write call or put options on securities and indices and enter into related closing transactions. The Fund may write put and call options to earn premium income, but the Fund did not write call or put options during the year ended October 31, 2024. With exchange-traded options, there is minimal counterparty credit risk to the Fund since options are exchange-traded and the exchange's clearinghouse, as counterparty to all exchange-traded options, guarantees the options against default. OTC options are customized agreements between the parties. With OTC options, there is no clearinghouse guarantee against default, thus OTC options are subject to the risk that the counterparty will not fulfill its obligations under the contract.

As the writer of a call option, the Fund has the obligation to sell the security at the exercise price during or at the expiration of the exercise period. As a writer of a put option, the Fund has the obligation to buy the underlying security at the exercise price during or at the expiration of the exercise period. The premium that the Fund pays when purchasing a call option or receives when writing a call option will reflect, among other things, the market price of the security, the relationship of the exercise price to the market price of the security, the relationship of the exercise price to the volatility of the security, the length of the option period and supply and demand factors. The premium is the market value of the option.

A purchaser (holder) of a put option pays a non-refundable premium to the seller (writer) of a put option to obtain the right to sell a specified amount of a security at a fixed price (the exercise price) during a specified period (the exercise period). Conversely, the seller (writer) of a put option, upon payment by the holder of the premium, has the obligation to buy the security from the holder of the put option at the exercise price during or at the expiration of the exercise period. When a written option is exercised, the premium originally received decreases the cost basis of the underlying security (or increases the proceeds on the security sold short) and the Fund realizes a gain or loss from the sale of the security (or closing of the short sale).

Options on indices (including weather indices) are similar to options on securities, except that upon exercise, index options require cash payments and do not involve the actual purchase or sale of securities.

Excess Mortality Swaps — The Fund may enter into excess mortality swaps in order to gain exposure to reinsurance-related risks tied to population mortality experience. In an excess mortality swap, the protection buyer pays periodic premiums in exchange for a potential payment from the seller of protection if the specified mortality index exceeds a set value during the year ended October 31, 2024, the Fund had no exposure to excess mortality swaps.

(b) Use of Estimates. The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

(c) Offsetting on the Consolidated Statement of Assets and Liabilities. Accounting Standards Update No. 2011-11 "Disclosures about Offsetting Assets and Liabilities" ("ASU 2011-11") intended to help investors and other financial statement users better assess the effect or potential effect of offsetting arrangements on a fund's financial position. ASU 2011-11 requires entities to disclose both gross and net information about both instruments and transactions eligible for offset on the Consolidated Statement of Assets and Liabilities, and disclose instruments and transactions subject to master netting or similar agreements. In addition, in January 2013, the FASB issued Accounting Standards Update No. 2013-1 "Clarifying the Scope of Offsetting Assets and Liabilities", specifying exactly which transactions are subject to offsetting disclosures. The scope of the disclosure requirement is limited to derivative instruments, repurchase agreements and reverse repurchase agreements, and securities lending transactions. The International Swap and Derivative Association agreements specify collateral posting arrangements. Under the agreements, collateral is routinely transferred if the total net exposure to certain transactions (net of existing collateral already in place) governed under an agreement with a counterparty in a given account exceeds a specified threshold.

As of October 31, 2024, the Fund is not subject to any Master Netting Arrangements.

(d) Indemnifications. In the normal course of business the Fund enters into contracts that contain a variety of representations which provide general indemnifications. The Fund's maximum exposure under these arrangements cannot be known; however, the Fund expects any risk of loss to be remote.

(e) Federal Income Taxes. The Fund qualifies and intends to continue to qualify as a regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code of 1986, as amended. As a RIC, the Fund will not be subject to federal income tax to the extent it distributes substantially all of its net investment income and capital gains to shareholders. Therefore, no federal income tax provision is required.

(f) Event-Linked Bonds. Event-linked bonds are variable rate debt securities for which the return of principal and payment of interest are contingent on the non-occurrence of a specified trigger event(s) that leads to economic and/or human loss, such as an earthquake of a particular magnitude or a hurricane of a specific category. The most common type of event-linked bonds is known as "catastrophe" or "CAT" bonds. In most cases, the trigger event(s) will not be deemed to have occurred unless the event(s) happened in a particular geographic area and was of a certain magnitude (based on independent scientific readings) and/or caused a certain amount of actual or modeled loss. If the trigger event(s) occurs prior to a bond's maturity, the Fund may lose all or a portion of its principal and forgo additional interest. In this regard, event-linked bonds typically have a special condition that states that if the sponsor suffers a loss from a particular pre-defined catastrophe or other event that results in physical and/or economic loss, then the issuer's obligation to pay interest and/or repay the principal is either deferred or completely forgiven. For example, if the Fund holds a bond that covers a sponsor's losses due to a hurricane with a "trigger" at $1 billion and a hurricane hits causing $1 billion or more in losses to such sponsor, then the Fund will lose all or a portion of its principal invested in the bond and forgo any future interest payments. If the trigger event(s) does not occur, the Fund will recover its principal plus interest. Interest typically accrues and is paid on a quarterly basis for the specified duration of the bond, as long as the trigger event(s) does not occur. Although principal typically is repaid only on the maturity date, it may be repaid in installments, depending on the terms of the bond, as long as the trigger event(s) does not occur. The Fund may invest in event-linked bonds directly or indirectly through certain derivative instruments. The Fund may pursue other types of event-linked derivative strategies using derivative instruments that are typically contingent, or formulaically related to defined trigger events. Trigger events may include hurricanes, earthquakes and weather-related phenomena, non-natural catastrophes, such as plane crashes, or other events resulting in a specified level of physical or economic loss, such as mortality or longevity.

(g) Quota Share Notes. Investments in Quota Share Notes provide exposure to a form of proportional reinsurance in which an investor participates in the premiums and losses of a reinsurer's portfolio according to a pre-defined percentage. For example, under a 20% quota-share agreement, a special purpose vehicle ("SPV") would obtain 20% of all premiums of the subject portfolio while being responsible for 20% of all claims, and the Fund, as a holder of a Quota Share Note issued by the SPV, would be entitled to its pro rata share of the premiums received by the SPV and would be responsible for its pro rata share of the claims up to the total amount invested.

(h) ILW Notes. ILW Notes provide exposure to a transaction through which one party (typically, an insurance company or reinsurance company, or a reinsurance-related asset manager) purchases protection based on the total loss arising from a catastrophic event to the entire insurance industry rather than the losses of any particular insurer. For example, the buyer of a "$100 million limit U.S. Wind ILW attaching at $20 billion" will pay an upfront premium to a protection writer (i.e., the reinsurer or an SPV) and in return will receive $100 million if total losses to the insurance industry from a single U.S. hurricane exceed $20 billion. The industry loss ($20 billion in this case) is often referred to as the "trigger" and is reported by an independent third party after an event has occurred. The amount of protection offered by the contract ($100 million in this case) is referred to as the "limit." ILW Notes could also provide exposure to transactions linked to an index not linked to insurance industry losses, such as wind speed or earthquake magnitude and location. The Fund, as a holder of an ILW Note, would be entitled to a return linked to the premium paid by the sponsor and the occurrence or non-occurrence of the trigger event. During the year ended October 31, 2024 the Fund had no exposure to ILW Notes.

(i) Distributions to Shareholders. The Fund intends to distribute to its shareholders any net investment income and any net realized long- or short-term capital gains, if any, at least annually. Distributions are recorded on the ex-dividend date. The Fund may periodically make reclassifications among certain of its capital accounts as a result of the characterization of certain income and realized gains determined annually in accordance with federal tax regulations that may differ from GAAP.

(j) Foreign Securities and Currency Transactions. The Fund's books and records are maintained in U.S. dollars. Foreign currency denominated transactions (i.e., market value of investment securities, assets and liabilities, purchases and sales of investment securities, and income and expenses) are translated into U.S. dollars at the current rate of exchange. The Fund does not isolate that portion of results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held.

The Fund may invest in reinsurance-related securities issued by foreign sovereigns and foreign entities that are corporations, partnerships, trusts or other types of business entities. Because the majority of reinsurance-related security issuers are domiciled outside the United States, the Fund will normally invest significant amounts of its assets in non-U.S. entities. Accordingly, the Fund may invest without limitation in securities issued by non-U.S. entities, including those in emerging market countries. Certain SPVs in which the Fund invests may be sponsored by non-U.S. insurers that are not subject to the same regulation as that to which U.S. insurers are subject. Such SPVs may pose a greater risk of loss, for example due to less stringent underwriting and/or risk-retention requirements. The Fund's investments will consist primarily of event-linked bonds, Quota Share Notes, and ILW Notes that provide the Fund with contractual rights under the terms of the bond issuance. While the contractual rights of such instruments are similar whether they are issued by a U.S. issuer or a non-U.S. issuer, there may be certain additional risks associated with non-U.S. issuers. For example, foreign issuers could be affected by factors not present in the United States, including expropriation, confiscatory taxation, lack of uniform accounting and auditing standards, less publicly available financial and other information, potential difficulties in enforcing contractual obligations, and increased costs to enforce applicable contractual obligations outside the United States. Fluctuations in foreign currency exchange rates and exchange controls may adversely affect the market value of the Fund's investments in foreign securities. Settlements of securities transactions in foreign countries are subject to risk of loss, may be delayed and are generally less frequent than in the United States, which could affect the liquidity of the Fund's assets.

(k) Other. Investment transactions are recorded on the trade date. Dividend income, less any foreign tax withheld, is recognized on the ex-dividend date and interest income is recognized on an accrual basis, including amortization/accretion of premiums or discounts. Discounts and premiums on securities purchased are amortized over the lives of the respective securities using the constant yield method. Realized gains and losses on securities sold are calculated on a first-in, first out-basis.

(l) Restricted Securities. The Fund may invest a substantial portion of its assets in securities that are restricted, but eligible for purchase and sale by certain qualified institutional buyers, as defined in Rule 144A under the Securities Act of 1933, as amended, as well as other restricted securities. Restricted securities may be resold in transactions that are exempt from registration under Federal securities laws or if the securities are publicly registered. Restricted securities may be deemed illiquid.

(m) Rule 18f-4. Rule 18f-4 under the 1940 Act ("Rule 18f-4") governs the use of derivatives and certain related instruments by registered investment companies. Rule 18f-4 imposes limits on the amount of derivatives a Fund can enter into and requires funds whose use of derivatives is greater than a limited specified amount to establish and maintain a comprehensive derivatives risk management program and appoint a derivatives risk manager. As a "limited derivatives user," as defined in Rule 18f-4, the Fund has adopted policies and procedures reasonably designed to manage the Fund's derivatives risk to ensure the Fund's derivatives exposure remains limited. Rule 18f-4 restricts the Fund's ability to engage in certain derivatives transactions and may increase the costs related to the Fund's use of such derivatives transactions, which could adversely affect the value or performance of the Fund.

(n) New Accounting Pronouncements. In March 2020, FASB issued Accounting Standards Update 2020-04, Reference Rate Reform: Facilitation of the Effects of Reference Rate Reform on Financial Reporting ("ASU 2020-04") and in December, 2022, the FASB issued Accounting Standards Update 2022-06, Reference Rate Reform (Topic 848), Deferral of the Sunset Date of Topic 848: Scope ("ASU 2022-06"), which provides optional, temporary relief with respect to the financial reporting of contracts subject to certain types of modifications due to the discontinuation of the London Interbank Offered Rate ("LIBOR") and other interbank offered rates as of the end of 2021. The temporary relief provided by ASU 2020-04 and ASU 2022-06 is effective for certain reference rate-related contract modifications that occur during the period from March 12, 2020 through December 31, 2024. Management is also actively working with other financial institutions and counterparties to modify contracts as required by applicable regulation and within regulatory deadlines.

In November 2023, the FASB issued Accounting Standards Update 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures ("ASU 2023-07"). ASU 2023-07, among other things, (i) requires a public entity with a single reportable segment to provide all the disclosures required by Topic 280, (ii) requires a public entity to disclose the title and position of the Chief Operating Decision Maker ("CODM") and an explanation of how the CODM uses the reported measure(s) of segment profit or loss in assessing segment performance and deciding how to allocate resources, and (iii) enhances disclosure requirements about significant segment expenses that are regularly provided to the CODM. ASU 2023-07 is effective for fiscal years beginning after December 15, 2023, and interim periods in fiscal years beginning after December 15, 2024. Management is evaluating the impact of ASU 2023-07 and does not expect the adoption of ASU 2023-07 to have a material impact on the Fund's financial statements.

(o) Market Volatility. The value of the securities in the Fund may go up or down in response to the prospects of individual companies and/or general economic conditions. Price changes may be short- or long-term. Local, regional or global events such as war (e.g., Russia's invasion of Ukraine), acts of terrorism, the spread of infectious illness or other public health issues, recessions, bank failures and receiverships, or other events could have a significant impact on the Fund and its investments, including hampering the ability of the Adviser to invest the Fund's assets as intended.

3. Federal Tax Matters

Provisions for federal income taxes or excise taxes have not been made because the Fund intends to be taxed as a RIC and intends to distribute substantially all taxable income to shareholders and otherwise comply with the provisions of the Internal Revenue Code applicable to RICs. Distributions from net realized gains for book purposes may include short-term capital gains which are included as ordinary income to shareholders for tax purposes. Additionally, GAAP requires that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. The reclassifications have no effect on net assets or NAV per share.

For the fiscal year ended October 31, 2024, the effect of permanent "book/tax" reclassifications resulted in increases and decreases to components of the Fund's net assets as follows:

	TOTAL DISTRIBUTABLE EARNINGS/(LOSS)	PAID IN CAPITAL
Reinsurance Risk Premium Interval Fund	$(1)	$1

These differences primarily relate to realized foreign currenecy gains/(losses), investment in foreign investment companies and controlled foreign corporations, tax treatment of swap contracts, and non-deductible excise taxes paid.

As of October 31, 2024, the components of accumulated earnings (losses) for income tax purposes were as follows:

Tax cost of investments	$1,474,564,478
Unrealized appreciation	267,487,709
Unrealized depreciation	(481,405,409)
Net unrealized appreciation (depreciation)	(213,917,700)
Undistributed ordinary income	236,195,535
Undistributed long-term gains/(capital loss carryover)	(801,675,584)
Total distributable earnings/(loss)	(565,480,049)
Other temporary differences	2,581,214
Total accumulated loss	$ (776,816,535)

The difference between book-basis and tax basis unrealized appreciation/(depreciation) is attributable primarily to mark-to-market adjustments on passive foreign investment companies, basis adjustments on investments in controlled foreign corporations and subsidiaries, and differences in amortization of interest income between book and tax.

The tax character of distributions paid during the year ended October 31, 2024 was as follows:

	ORDINARY INCOME	LONG-TERM CAPITAL GAIN	FOREIGN TAX CREDIT	RETURN OF CAPITAL	TOTAL
Reinsurance Risk Premium Interval Fund	$188,300,000	$—	$—	$—	$188,300,000

The tax character of distributions paid during the year ended October 31, 2023 was as follows:

	ORDINARY INCOME	LONG-TERM CAPITAL GAIN	FOREIGN TAX CREDIT	RETURN OF CAPITAL	TOTAL
Reinsurance Risk Premium Interval Fund	$ 5,618,485	$—	$—	$—	$ 5,618,485

At October 31, 2024 the Fund had tax basis capital losses which may be carried forward indefinitely to offset future capital gains as shown below:

	SHORT-TERM	LONG-TERM	TOTAL
Reinsurance Risk Premium Interval Fund	$(25,524,442)	$(776,151,142)	$(801,675,584)

There is no tax liability resulting from unrecognized tax benefits relating to uncertain income tax positions taken or expected to be taken on the tax return for the fiscal year ended October 31, 2024, or for any other tax years which are open for exam. As of October 31, 2024, open tax years include the years ended October 31, 2022, 2023 and 2024. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Consolidated Statement of Operations. During the year, the Fund did not incur any interest or penalties.

4. Agreements

(a) Investment Management Agreement. The Adviser is the investment adviser of the Fund and was organized as a Delaware limited liability company in 2012. The Adviser's primary business is to provide a variety of investment management services, including an investment program for the Fund.

As compensation for its services, the Adviser is paid by the Fund a fee, computed daily and paid monthly in arrears at an annual rate of 2.00% of the Fund's average daily net assets.

(b) Custodian, Administrator, and Transfer Agent. The custodian to the Fund is U.S. Bank, N.A. The administrator and transfer agent to the Fund is U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services, an affiliate of U.S. Bank, N.A.

(c) Distributor. Foreside Financial Services, LLC (the "Distributor") serves as the Fund's distributor.

5. Services Agreement

Servicing fees and distribution fees (together, the "intermediary fees") may be paid pursuant to a Distribution and Servicing Plan dated as of March 1, 2018 at the maximum annual rate of 0.05% and servicing fees may be paid pursuant to an amended and restated Services Agreement between the Fund and the Adviser dated as of March 1, 2018, under which the Fund has appointed the Adviser as "servicing agent" to compensate financial intermediaries at an annual rate of 0.05%, in each case, calculated as a percentage of the Fund's average daily net assets. These fees are paid out of the Fund's assets on an ongoing basis and may be administered or facilitated by the Distributor. Intermediaries generally receive payments pursuant to both the Distribution and Servicing Plan and the Services Agreement. The Adviser performs certain services and incurs certain expenses through its employees who are registered representatives of a broker-dealer with respect to the promotion of the Fund's Shares and the Adviser also performs certain services in connection with the servicing of shareholders. If amounts remain from the intermediary fees after the intermediaries have been paid, such amounts may be used to compensate the Adviser for the services it provides and for the expenses it bears. The Distributor does not retain any portion of any intermediary fees. To the extent that there are expenses associated with shareholder services that exceed the amounts payable pursuant to the Services Agreement or the Distribution and Servicing Plan, the Fund will bear such expenses.

6. Related Parties

Certain officers of the Trust are also employees of the Adviser. The officers, with the exception of the Chief Compliance Officer, are not compensated by the Trust. The Trust pays a portion of the Chief Compliance Officer's salary.

7. Investment Transactions

For the year ended October 31, 2024, aggregate purchases and sales of securities (excluding short-term securities) by the Fund were $203,062,187 and $223,226,505, respectively. The Fund did not have any purchases or sales of long-term U.S. government securities during the year ended October 31, 2024.

8. Capital Share Transactions

	YEAR ENDED OCTOBER 31, 2024	YEAR ENDED OCTOBER 31, 2023
Shares sold	3,322,431	2,811,677
Shares issued to holders in reinvestment of dividends	935,168	71,861
Shares repurchased	(4,288,263)	(8,078,837)
Net decrease in shares	(30,664)	(5,195,299)
Shares outstanding:		
Beginning of year	21,147,344	26,342,643
End of year	21,116,680	21,147,344

The shares repurchased were done so in accordance with Section 23(c) of the 1940 Act as follows:

REPURCHASE REQUEST DEADLINE	REPURCHASE OFFER AMOUNT (SHARES)	SHARES TENDERED
December 2, 2022[(1)]	1,983,804	2,521,330
February 24, 2023	4,407,029	3,035,898
May 19, 2023[(1)]	1,094,878	1,236,815
August 18, 2023[(1)]	1,103,795	1,284,794
November 10, 2023	1,059,522	1,065,193
February 23, 2024	3,528,230	1,871,215
May 17, 2024	1,030,107	741,347
August 16, 2024	1,020,353	610,508

(1) In connection with the repurchase request deadline on December 2, 2022, May 19, 2023, August 18, 2023 and November 10, 2023, the Fund repurchased an additional amount, 2.0%, 0.7%, 0.8% and 0.3%, respectively, of the shares outstanding on the repurchase request deadline, in order to accommodate shareholder repurchase requests.

9. Line of Credit

As of October 31, 2024, the Fund had an uncommitted, unsecured line of credit (the "Line") with U.S. Bank National Association. The Line is for liquidity in connection with shareholder redemptions and portfolio timing differences. The Line has a maximum withdrawal capacity of the lesser of 10% of the aggregate fair market value of the sum of the assets held in the custody and corporate trust accounts at U.S. Bank National Association at the time of any new borrowing for any period after the new borrowing or $125,000,000. Amounts outstanding under the Line can exceed 10% (up to 15%) of the aggregate fair market value of assets if such excess is not due to a new borrowing request, provided that any subsequent borrowing request cannot result in amounts outstanding to exceed the original 10% threshold. The Line has a maturity date of February 28, 2025 and is reviewed annually by the Board of Trustees. During the year ended October 31, 2024, the Fund did not borrow from the Line.

10. Subsequent Events Evaluation

In preparing these consolidated financial statements, the Fund has evaluated events and transactions for potential recognition or disclosure resulting from subsequent events through the date the consolidated financial statements were issued. The evaluation did not result in any subsequent events that necessitated disclosures and/or adjustments.

Report of Independent Registered Public Accounting Firm

To the Shareholders and the Board of Trustees of Stone Ridge Reinsurance Risk Premium Interval Fund

Opinion on the Financial Statements

We have audited the accompanying consolidated statement of assets and liabilities of Stone Ridge Reinsurance Risk Premium Interval Fund (the "Fund") (the sole series comprising Stone Ridge Trust II (the "Trust")), including the consolidated schedule of investments, as of October 31, 2024, and the related consolidated statements of operations and cash flows for the year then ended, the consolidated statements of changes in net assets for each of the two years in the period then ended, the consolidated financial highlights for each of the five years in the period then ended and the related notes (collectively referred to as the "financial statements").

In our opinion, the financial statements present fairly, in all material respects, the consolidated financial position of the Fund (the sole series comprising Stone Ridge Trust II) at October 31, 2024, the consolidated results of its operations and its cash flows for the year then ended, the consolidated changes in its net assets for each of the two years in the period then ended and its consolidated financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Trust in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Trust is not required to have, nor were we engaged to perform, an audit of the Trust's internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of October 31, 2024, by correspondence with the custodian and brokers. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Ernst + Young LLP

We have served as the auditor of one or more of the Stone Ridge investment companies since 2013.

Minneapolis, Minnesota
December 30, 2024

Expense Example (Unaudited)

As a shareholder of the Fund, you incur ongoing costs, including investment advisory fees, distribution and/or shareholder servicing fees and other Fund expenses, which are indirectly paid by shareholders. This example is intended to help you understand your ongoing costs (in U.S. dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The example is based on an investment of $1,000 invested at the beginning of the period and held for the entire period from May 1, 2024 through October 31, 2024.

Actual Expenses

The first line of the table below provides information about actual account values and actual expenses. However, the table does not include shareholder specific fees, such as the $15.00 fee charged for wire redemptions by the Fund's transfer agent. The table also does not include portfolio trading commissions and related trading costs. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by $1,000 (for example, an $8,600 account value divided by $1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during the period.

Hypothetical Example For Comparison Purposes

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the actual expense ratios of the Fund and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other fund. Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges (loads), redemption fees, or exchange fees. Therefore, the second line of the table is useful in comparing ongoing costs only, and will not help you determine the relevant total cost of owning different funds.

	BEGINNING ACCOUNT VALUE MAY 1, 2024	ENDING ACCOUNT VALUE OCTOBER 31, 2024	EXPENSES PAID DURING PERIOD* MAY 1, 2024 – OCTOBER 31, 2024
Actual	$1,000.00	$1,116.60	$12.18
Hypothetical (5% annual return before expenses)	$1,000.00	$1,013.62	$11.59

* Expenses are equal to the Fund's annualized six-month expense ratio of 2.29%, multiplied by the average account value over the period, multiplied by 184/366 to reflect the partial year period.

1. Board Approval of the Continuation of the Investment Management Agreement

Throughout the year, the Board of Trustees (the "Board") of Stone Ridge Trust II (the "Trust"), including the members of the Board who are not "interested persons" of the Trust (as that term is defined in the Investment Company Act of 1940, as amended (the "1940 Act")) (the "Independent Trustees"), considers matters bearing on the investment management agreement (the "Agreement") between Stone Ridge Asset Management LLC (the "Adviser") and the Trust, on behalf of Stone Ridge Reinsurance Risk Premium Interval Fund (the "Fund"). On an annual basis, the Board, including the Independent Trustees, holds a meeting to determine whether to approve the continuation, ordinarily for an additional one-year period, of the Agreement.

At an in person meeting held on October 21, 2024, the Board, including a majority of the Independent Trustees, considered and approved the continuation for a one-year period of the Agreement between the Adviser and the Trust on behalf of the Fund. Prior to the meeting, the Independent Trustees received a memorandum from independent counsel describing their responsibilities in connection with the approval of the Agreement. In evaluating the Agreement, the Board considered information and materials furnished by the Adviser in advance of and at the meeting and was afforded the opportunity to request additional information and to ask questions of the Adviser to obtain information that it believed to be reasonably necessary to evaluate the terms of the Agreement.

The Board's consideration of the Agreement included but was not limited to: (1) the nature, extent, and quality of the services provided by the Adviser; (2) the investment performance of the Fund and the Adviser; (3) the cost of the services provided and the profits and other benefits realized by the Adviser from its relationship with the Fund; and (4) the extent to which economies of scale may be realized as the Fund grows and whether fee levels reflect such economies of scale for the benefit of shareholders of the Fund. In determining whether to approve the continuation of the Agreement, the Board, including the Independent Trustees, did not identify any single factor as determinative; individual trustees may have evaluated the information presented differently from one another, giving different weights to various factors.

In considering the nature, extent, and quality of the services provided by the Adviser, the Board considered the investment management services provided by the Adviser, including the management of the Fund's portfolio in accordance with its investment objective, investment policies, investment restrictions and applicable law; the unique and complex nature of the Fund's investment program in the registered fund space; investment selection and monitoring; selection of trading counterparties and order management; the creation and implementation of ongoing analytical and risk management strategies; the Adviser's investment in infrastructure, technology, proprietary software and personnel needed to implement the Fund's investment program; and the oversight and/or implementation of policies and procedures necessary to fulfill these responsibilities. The Board also considered other services provided by the Adviser, including monitoring potential conflicts of interest and maintaining regulatory compliance programs for the Fund. Additionally, the Board considered the operational support and oversight provided by the Adviser's personnel in connection with the Fund's repurchase offers. The Board considered the qualifications and professional backgrounds of the Adviser's personnel who provide significant advisory or other services to the Fund under the Agreement and analyzed the Adviser's ongoing ability to service the Fund through such personnel. Based on this and related information, the Board, including the Independent Trustees, concluded that the nature, extent and quality of services supported the continuation of the Agreement.

In considering the investment performance of the Fund and the Adviser, the Board reviewed information provided by the Adviser relating to the Fund's performance together with the performance of the Fund's corresponding indexes for the one-month, three-month, six-month, one-year, three-year and five-year periods ended August 31, 2024 as well as for the period ended August 31, 2024 since the Fund's inception. The Board also considered the performance information for any comparable registered investment funds managed by the Adviser, as well as performance information for all third party closed-end funds listed on Morningstar with greater than $300 million in assets, regardless of their strategies, as determined by the Adviser in consultation with the Fund's third-party administrator (the "peer group"). The Adviser, in consultation with the Fund's third-party administrator, supplemented this peer group with funds from Morningstar's US Fund Multistrategy category with greater than $300 million in assets. The Board also considered the Adviser's explanation that it does not manage any other accounts with strategies similar to that of the Fund and that there are very few funds that follow investment strategies similar to that of the Fund due to the unique nature of the Fund's investment strategy among registered funds as well as its structure as an interval fund, thus making it difficult to identify appropriate peer groups for the Fund and that the peer groups identified were based on an assessment of how the Adviser and the Fund's third-party administrator believed Morningstar would likely categorize the Fund. The Board, including the Independent Trustees, concluded that the Fund's performance in light of all relevant factors supported the renewal of the Agreement.

In considering the cost of services provided and the benefits realized by the Adviser from its relationship with the Fund, the Board analyzed the fees paid under the Agreement and the expense ratio for the Fund, and also compared this data against the corresponding information for the funds in the peer group. The Board took into consideration information provided by the Adviser relating to the Adviser's financial health, profitability and the benefits that the Adviser derives from the Agreement. The Board also noted that the Adviser may receive reputational benefits from its relationship with the Fund. The Board considered the management fee, distribution and/or shareholder servicing fees and expense ratios for select alternative funds that the Adviser believes are the most comparable registered investment funds to the Fund. Based on the foregoing information and other factors deemed relevant, the Board, including the Independent Trustees, concluded that the management fee arrangements applicable to the Fund pursuant to the Agreement were fair and reasonable and that the costs of the services the Adviser provided and the related benefits to the Adviser in respect of its relationship with the Fund supported the continuation of the Agreement.

Finally, the Board considered the extent to which economies of scale in the provision of services by the Adviser would be realized as the Fund grows and whether the Fund's fee levels reflect such economies of scale, such as through breakpoints in the investment management fee or through expense waiver and/or limitation agreements. The Board noted the Adviser's view that, given the unique nature of the Fund's reinsurance investment program, the Adviser does not yet benefit from economies of scale in managing the Fund's assets and may not in the future. After reviewing this and related information, the Board, including the Independent Trustees, concluded that the extent to which economies of scale currently are shared with the Fund supported the continuation of the Agreement.

Based on a consideration and evaluation of all factors deemed to be relevant, including the foregoing matters and the Board's determination that the continuation of the Agreement was in the best interests of the shareholders, the Board, including the Independent Trustees, concluded that the Agreement should be continued for a one-year period.

2. Disclosure Regarding Fund Trustees and Officers

Independent Trustees(1)

Name (Year of Birth)	Position(s) Held with the Trust	Term of Office and Length of Time Served(1)	Principal Occupation(s) During the Past 5 Years	Number of Portfolios in the Fund Complex Overseen by Trustee(2)	Other Directorships / Trusteeships Held by Trustee During the Past 5 Years
Jeffery Ekberg (1965)	Trustee	since inception	Self-employed (personal investing), since 2011; Principal, TPG Capital, L.P. (private equity firm) until 2011; Chief Financial Officer, Newbridge Capital, LLC (subsidiary of TPG Capital, L.P.) until 2011	40	None.
Daniel Charney (1970)	Trustee	since inception	Co-President, Cowen and Company, Cowen Inc. (financial services firm) since 2012	40	None.

Interested Trustee

Name (Year of Birth)	Position(s) Held with the Trust	Term of Office and Length of Time Served(1)	Principal Occupation(s) During the Past 5 Years	Number of Portfolios in the Fund Complex Overseen by Trustee(2)	Other Directorships / Trusteeships Held by Trustee During the Past 5 Years
Ross Stevens (1969)(3)	Trustee, Chairman	since inception	Founder and Chief Executive Officer of Stone Ridge since 2012	40	None.

(1) Information as of October 31, 2024.

(2) Each Trustee serves until resignation or removal from the Board.

(3) The Fund Complex includes the Trust and Stone Ridge Trust, Stone Ridge Trust II, Stone Ridge Trust IV, Stone Ridge Trust V, and Stone Ridge Trust VIII, other investment companies managed by the Adviser.

(4) Mr. Stevens is an "interested person" of the Trust, as defined in Section 2(a)(19) of the 1940 Act, due to his position with the Adviser.

Officers of the Trust

Name (Year of Birth) and Address(1)(2)	Position(s) Held with the Trust	Term of Office and Length of Time Served(3)	Principal Occupation(s) During Past 5 Years
Ross Stevens (1969)	President, Chief Executive Officer and Principal Executive Officer	since inception	Founder and Chief Executive Officer of the Adviser, since 2012.
Lauren D. Macioce (1978)	Chief Compliance Officer, Secretary, Chief Legal Officer and Anti-Money Laundering Compliance Officer	since 2016	General Counsel and Chief Compliance Officer of the Adviser, since 2016.
Maura Keselowsky (1983)	Treasurer, Principal Financial Officer, Chief Financial Officer and Chief Accounting Officer	since July 2024	Supervising Fund Controller at the Adviser, since 2022; member of Finance at the Adviser, since 2018
Anthony Zuco (1975)	Assistant Treasurer	since 2018	Supervising Fund Controller at the Adviser, since 2015-2022; member of Finance at the Adviser, since 2015.
Alexander Nyren (1980)	Assistant Secretary	since 2018	Head of Reinsurance of the Adviser, since 2018; member of Reinsurance portfolio management team at the Adviser, since 2013.
Leson Lee (1975)	Assistant Treasurer	since 2019	Member of Operations at the Adviser, since 2018.
Domingo Encarnacion (1983)	Assistant Treasurer	since 2020	Tax Manager at the Adviser, since 2016.
Stanley Weinberg (1989)	Assistant Treasurer	since 2023	Member of Operations at the Adviser, since 2019.
Daniel Gross (1984)	Assistant Treasurer	since 2023	Member of Operations at the Adviser, since 2019.

Name (Year of Birth) and Address[(1)(2)]	Position(s) Held with the Trust	Term of Office and Length of Time Served[(3)]	Principal Occupation(s) During Past 5 Years
Connor O'Neill (1990)	Assistant Treasurer	since April 2024	Member of Operations at the Adviser, since 2020; Operations Manager at Junto Capital Management (2015-2019).
Shamil Kotecha (1986)	Assistant Treasurer	since October 2024	Member of Legal and Compliance at the Adviser, since 2018.

(1) Each officer's mailing address is c/o Stone Ridge Asset Management LLC, One Vanderbilt Avenue, 65th Floor, New York, NY 10017.

(2) Each of the officers is an affiliated person of the Adviser as a result of his or her position with the Adviser.

(3) The term of office of each officer is indefinite.

3. Shareholder Notification of Federal Tax Status

For the fiscal year ended October 31, 2024, certain dividends paid by the Fund may be subject to a maximum tax rate of 15%, as provided for by the Jobs and Growth Tax Relief Reconciliation Act of 2003. The percentage of dividends declared from ordinary income designated as qualified dividend income was as follows:

	PERCENTAGES
Reinsurance Risk Premium Interval Fund	0.00%

For corporate shareholders, the percent of ordinary income distributions qualifying for the corporate dividends received deduction for the fiscal period ended October 31, 2024 was as follows:

	PERCENTAGES
Reinsurance Risk Premium Interval Fund	0.00%

The percentage of taxable ordinary income distributions designated as short-term capital gain distributions under Internal Revenue Section 871(k)(2)(C) for the fiscal period ended October 31, 2024 was as follows:

	PERCENTAGES
Reinsurance Risk Premium Interval Fund	0.00%

The percentage of taxable ordinary income distributions designated as interest related dividends under Internal Revenue Section 871(k)(1)(C) for the fiscal period ended October 31, 2024 was as follows:

	PERCENTAGES
Reinsurance Risk Premium Interval Fund	2.04%

Shareholders should not use the above information to prepare their tax returns. Since the Fund's fiscal year is not the calendar year, another notification is available with respect to calendar year 2024. Such notification, which reflects the amount to be used by calendar year taxpayers on their Federal income tax returns, will be made in conjunction with shareholders' year-end tax reporting in February 2025. Shareholders are advised to consult their own tax advisors with respect to the tax consequences of their investment in the Fund.

4. Availability of Quarterly Portfolio Holdings Schedules

The Fund is required to file its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Part F of Form N-PORT. The Fund's filings on Part F of Form N-PORT are available without charge on the SEC's website, www.sec.gov, or upon request, by calling 1.855.609.3680.

5. Proxy Voting Policies and Procedures and Proxy Voting Record

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities is available without charge, upon request, by calling 1.855.609.3680 and on the SEC's website, www.sec.gov. The Fund is required to file how it voted proxies related to portfolio securities during the most recent 12-month period ended June 30. The information is available without charge, upon request by calling 1.855.609.3680 and on the SEC's website, www.sec.gov.
