## Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► On September 16, 2025, LifeX 2052 Inflation-Protected Longevity Income ETF merged into LifeX 2055 Inflation-Protected Longevity Income ETF (#93-3155891) in a nontaxable reorganization under Section 368(a) of the Internal Revenue Code.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► Each share of the LifeX 2052 Inflation-Protected Longevity Income ETF (merging fund) is being replaced with shares of the LifeX 2055 Inflation-Protected Longevity Income ETF (surviving fund), at a ratio noted in the attachment for each share class. The basis of the shares received is the same as the aggregate basis of the shares exchanged.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► For each tax lot that you held in the merging fund:

1) Multiply the number of shares held in the lot by the "Merger Ratio" in the attachment to calculate the number of shares that you now hold in the surviving fund.

2) Multiply the per share cost basis by the "Basis Ratio" in the attachment to calculate the per share basis of the shares that you now hold in the surviving fund.
