

POSITION TITLE: Research Director

EMPLOYER NAME: GEN., LLC (d/b/a “ThinkGen”)

JOB DESCRIPTION: Serve on project teams to deliver qualitative and quantitative market research projects to clients. Analyze data and convert it into action items using advanced analytical methods, including SAS, R, Excel and SPSS. Perform analytical work to help clients solve strategic, tactical, and operational business problems within the healthcare and pharmaceutical practice area. Manage projects by monitoring resources and ensuring milestones are met. Work from home benefit available.

REQUIREMENTS: U.S. Master’s degree in marketing, data analytics or related field, plus two years of experience as a data analyst; three years of experience using market research data analytical tools and managing multiple projects and clients in the pharmaceutical or healthcare industry.

LOCATION OF EMPLOYMENT: ThinkGen, 333 E Lancaster Ave, Suite 314, Wynnewood, PA 19096
