ABOUT DONOVANS SURF

DONOVANS Surf Club Restaurant & Bar is situated where the Pacific Ocean meets Coffs Creek, offering uninterrupted views of surf, sand and the Solitary Islands. Executive Chef and owner Matt Donovan is known for his flair for fresh, simple flavours that showcase local ingredients.

All conference events are run by the Coffs Harbour Surf Life Saving Club. All bookings and allocation of space are managed directly through the Club, with Donovans providing catering for all conference and event requirements..

The bar is operated by the Coffs Harbour Surf Life Saving Club, generating funds to support vital lifesaving services and water safety training. A dedicated bar manager will work with you to select wines and coordinate all beverage and bar arrangements.
