

Welcome to JEP Secondary & Post-16

At JEP, we are committed to helping young people realise their full potential. We provide a supportive and inclusive environment for those who have been permanently excluded, or are at risk of exclusion, from mainstream education. Our aim is to offer early and effective intervention that helps young people re-engage with learning, rebuild confidence, and make positive choices for the future.

Some young people are referred to JEP because our provision offers a more appropriate and personalised approach than mainstream settings. While academic progress is important, it is just one part of our wider vision. We focus on improving attendance, increasing engagement, and encouraging better behaviour choices believing that once these are in place, academic success will naturally follow.

What makes JEP truly exceptional is our team. We are proud to have a dedicated and passionate group of staff who are employed not only for their professional expertise, but for their ability to make a genuine difference in the lives of young people. Every member of our team is committed to creating a safe, respectful, and inspiring environment where students can thrive.

Strong relationships are central to everything we do. We work in close partnership with families, local authorities, and schools to ensure the best outcomes for our young people. Together, we are building brighter futures.

We warmly welcome you to our community.

Jason Whittaker
