SUCCESS STORIES

CORPSMEMBER MARTE

"I used to be homeless, but now I have my own apartment. I dropped out of high school, and now I'm a high school graduate. Today, I see open doors in front of me—possibilities for my future that I never thought could be real. I want to pursue a career in either carpentry or electrical engineering, and I know I can achieve it. The Corps has completely changed my mindset, and I'm excited for what's next in my life."
