Bridge Locations Receives Strategic Investment from Maple Park Capital to Accelerate Growth and Development

SALT LAKE CITY – November 3, 2026 – Bridge Locations ("Bridge"), one of the largest national Xfinity authorized retail partners, today announced a strategic investment from Maple Park Capital ("Maple Park") to support new store development and investments in leadership, training and technology. Bridge co-founders Matt Child and Brad Jaehne, who built the company from a single store into a national platform, will continue to serve as Chief Executive Officer and Executive Chairman, respectively.

"When we started Bridge, our objective was to create a company where people were empowered to succeed, and customers' needs were met. Eight years later, our partnership with Maple Park helps to ensure that we can double down on that objective," said Child. "Their significant experience building multi-unit businesses will be invaluable as we open more stores and strategically invest in our people and systems."

"Matt and Brad have established an impressive business backed by a culture that prioritizes the customer experience," added Andrew Lauck, Co-Founder and Managing Partner of Maple Park. "We look forward to working with the entire Bridge team as the company continues to help customers navigate their mobile and broadband needs at the point of sale."

"As we embark on this next chapter of Bridge's growth, we are pleased to do so with Maple Park, a firm that that shares our ambitions, and values our commitment to serving our Xfinity customers and creating opportunities for our employees," concluded Jaehne.

Houlihan Lokey served as financial advisor to Bridge and Mintz LLP served as legal advisor. Foley & Lardner LLP served as legal advisor to Maple Park.
