Composting & Recycling is the Law

Properly sorting your food scraps and other compostable materials not only helps fight climate change, it is now the law. **Effective January 1, 2022, State law (SB 1383) requires residents to keep compostable and recyclable materials out of California's landfills.**

When compostable materials like food scraps, plant trimmings, and paper break down in a landfill they produce methane, a potent greenhouse gas that contributes to climate change.

By composting and recycling these materials, you are helping to reduce methane emissions and create a healthier planet.

Textile Recycling

AVI will collect textiles curbside from Dublin single family residents during **the first full weeks of July, October, January and April.**

How To Participate: Residents must call at least seven (7) days in advance to notify AVI that they will have textiles to be collected. Place acceptable textiles in a clear plastic bag at the curb.

There is no fee for this service.

Residents will not receive a tax-deductible receipt. Please call AVI at **(925) 479-9545** to schedule your quarterly pickup. For additional program details and set out instructions, visit our website.

Holiday Collection & Billing Details

Holiday Pick-Up Schedule

There will be no collection service on the holidays listed below. When a holiday falls on a weekday, collection will be delayed by one day for the remainder of that week. Friday customers will receive service on Saturday.

- Thanksgiving Day
- Christmas Day
- New Year's Day

Billing Information

All customers are billed for the basic level of service — a 32-gallon cart — on their property tax bill. Customers who choose a larger garbage cart will receive an additional bill each quarter directly from AVI. This bill reflects the cost difference between a 32-gallon cart and the larger size selected. For questions about rates, call AVI at **(925) 479-9545**.
