Adult Literacy & Numeracy Education

New Zealand Certificate in Adult Literacy and Numeracy Education (Vocational/Workplace) (Level 5)

Qualification Code: 2754

This qualification is for existing education practitioners who want to develop the literacy and numeracy skills of adult learners by embedding those skills into vocational or workplace programmes.

Programme Details

Credits:	40
Programme Length:	30 weeks
Delivery Mode:	Distance
Delivery Method:	Fully online
Cost:	Zero fees
Programme Hours:	13 hours per week

Graduate Outcomes

When you successfully complete this programme you will be able to:

- communicate the literacy and numeracy issues impacting on Aotearoa New Zealand as a nation
- apply the appropriate literacy and numeracy frameworks for your industry, programmes and learners
- apply teaching concepts and approaches specifically designed to address the needs of Maori and Pasifika learners
- explore the underpinning literacy numeracy demands of your vocational or workplace context
- design and embed teaching strategies to enhance learners' strengths and bridge learning deficits
- use assessment evidence to evaluate the effectiveness of your practice

Pathway oppportunities

Graduates of this qualification may undertake further study towards other qualifications in adult and tertiary teaching at Level 5 and above.

The NZCALNE online programme is:

- an online programme - study where and when it suits you
- tutored by qualified and experienced staff
- delivered from the new iQualify platform

"If you teach adult learners in an education environment, or in the workplace, this is for you."

Kerran Bartley

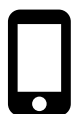

Online Education Facilitator

Entry Requirements

To be eligible to enrol, you must meet the requirements listed below.

- provide written evidence that you are currently working (employed or voluntary) as an adult educator, or training, and have access to a minimum of four adult learners (over 18 years old) for the duration of the programme
- be identified as a domestic student
- provide a birth certificate or passport as evidence of identity
- have regular access to a computer with reliable broadband
