Overview

About Newton Golf

- ▶ **Newton Golf** is a technology-forward golf equipment company focused on physics-driven engineering.
- ▶ **DOT System™** is the only science-based fitting solution that bridges multiple clubs in the bag.
- ▶ **#1 selling driver and fairway shaft** at Club Champion's 136+ locations in 2025.
- ▶ **U.S. manufacturing** facility in St. Joseph, MO utilizing industry leading Toray carbon fiber.
- ▶ **New shaft lines** (fast fairway + hybrids) launched PGA Tour Champions 2026 - bag expansion.
- ▶ **Expanding international presence:** Korea + Japan DTC channels & recent Korea distributor partnership, VOICE CADDIE.

High Growth Global Market with Strong Drivers

- ▶ Global golf equipment market growing at **5.6% CAGR to \$13.1 billion by 2033.**¹
- ▶ Growing popularity of off-course golf activities at places like indoor golf simulators or golf entertainment venues.
- ▶ Golf participation at 25-year highs with 48.1 million U.S. players in 2025.²
