

# RAJESH RANJIT SINGH

## PROFESSIONAL SUMMARY

Creative and motivated Graphic Designer with experience in photography, videography, and art direction. Proficient in Adobe Creative Cloud (Photoshop, Illustrator, Premiere Pro) and skilled in creating branding, logos, and promotional videos. Knowledgeable in front-end web design and UI/UX principles. Currently seeking an internship to further develop my skills and contribute fresh, innovative designs to a dynamic team.

Social Media Content Creation

## WORK EXPERIENCE

Graphic Designer, Art Director & Visual Content Creator Jan 2024 - Going on

- Recently worked on designing layouts and covers for a personal magazine project, focusing on creating strong, cohesive visual designs and maintaining consistency across all pages.
- Took the lead on personal video projects, where I handled everything from photography and videography to editing promotional videos and creative content.
- Designed logos, custom typography, and brand visuals for mock branding projects, practicing my ability to create unique and memorable brand identities.
- Proficient in Adobe Creative Cloud (Photoshop, Illustrator, InDesign, Premiere Pro, After Effects, Lightroom), which I've used to produce a wide range of graphics, videos, and photos.
- Edited short-form videos for social media and personal showcases, using techniques like color correction, sound design, and motion graphics to create engaging, polished content.
- Developed front-end website assets, including banners and UI elements, for personal and mock websites, and explored basic web design concepts to enhance visual appeal and user experience.
- I'm eager to apply my creative abilities and learn from professionals in the industry, contributing fresh ideas while gaining valuable real-world experience.
