

Fast, simple, and accurate. *Pattern Fulfillment* is the total package.

Pattern has been helping brands accelerate their ecommerce growth for years. But you may not realize that all of our experience has also made us experts on fulfillment.

With **8 global warehouses**, Pattern preps and ships millions of units each week to Amazon and top marketplaces, driving growth for the world's leading brands.

Why Pattern Fulfillment?

Speed

70% faster to marketplaces than traditional fulfillment options

Savings

Cut fulfillment costs without complicated pricing & no hidden fees

Simplicity

75+ years of combined Amazon experience on the Fulfillment team

Pattern Fulfillment Products

Marketplace Prep We prep everything for you

- Send your products to Pattern.

- We customize orders as needed.
- We ship DTC orders with the best rates and fastest turnaround.

Pattern Fulfillment Features

ReLo	Transportation	Reimbursements
We handle your returns	We move your products to our warehouses	We handle your FBA claims
Send returns to Pattern. We'll inspect, recover, and reroute your inventory-finding additional sellable units about 35% of the time.	We arrange transportation for you and can consolidate shipments in shared truckloads to our warehouses, delivering better rates and handling all the coordination for you.	We submit, manage, and automate your reimbursement claims. No need to gather BOLs, proof of delivery, or pack slips since we already have them.
