

AMBROSE AUSTRALIA

INTERNATIONAL REPATRIATIONS

COMPLIANCE

Ambrose Australia International Repatriations are specialists in global repatriation services, either outbound or inbound to Australia and other countries around the world. We also assist with the funeral services of deceased remains - either burials or cremations.

Ambrose Australia International Repatriations are responsible for ensuring all data collected by our staff from the deceased family or insurance staff is compliant with the GDPR guidelines and the data is secure.

All employees of Ambrose Australia International Repatriations and contactors who interact with the data subjects are responsible for this standard, and at no stage is this data released to individuals including media, other family members, general public or government.

Ambrose Australia International Repatriations is an Australian, family owned and operated company that specialises in global repatriation solutions and is available 24-hours, 7-days-a-week, 365-days-a-year to cater for all global time zones.
