Strengthening partnerships. Mobilising capital. Driving impact.

What is Invest for Impact Tanzania?

Invest for Impact Tanzania uses a coordinated, investor-centered approach to address barriers and unlock investment. The platform applies a four-pillar approach to reduce investor friction, deepen the pipeline of investable businesses, drive policy and regulatory reform, and expand financing options aligned with market needs.

Strengthen Investor Engagement & Coordination

- Connect investors with market intelligence and peer collaboration
- Create a unified investor community driving shared priorities

Build a Robust Pipeline of Investable Businesses

- Support enterprises to become visible, credible, and investor-ready
- Strengthen linkages between enterprises and investors

Drive Policy & Regulatory Reform

- Collaborate with GOT Champions to address priority bottlenecks
- Promote investor-informed reform to improve the business environment

Support Innovative Financing Solutions

- Introduce flexible, market-aligned instruments that expand access to capital
