BRAND INTRODUCTION

TROIPEEL

Troipeel is a completely natural skin resurfacing treatment designed to rejuvenate and improve skin texture. Using a blend of botanical ingredients, this peel stimulates cell regeneration, enhances skin elasticity, and reduces the appearance of blemishes, acne scars, and fine lines. Suitable for various skin types, Troipeel offers a gentle but effective exfoliation, leaving the skin refreshed, smooth, and radiant.

VVS Peel

The VVS Flawless Treatment is an advanced skincare treatment formulated with five multi-acids, designed to deliver a radiant, diamond-like glow after just one session. This powerful peel exfoliates dead skin cells, refines pores, and brightens the complexion, offering instant visible results. It helps to improve skin texture, tone, and clarity, making it a go-to treatment for a flawless, glass-like appearance.

TROIAREUKE

Troiareuke is a professional Korean skincare brand renowned for its personalized luxury products designed to address individual skin concerns. The brand is popular for its unique "Prescription Skincare" approach, which formulates products to different skin types, ensuring customized care for acne, sensitivity, aging, brightening and more. TROIAREUKE is particularly well-known among aestheticians and is widely used in skincare clinics across the world.

ACSEN

Troiareuke ACSEN range is a skincare line designed specifically for acne-prone and sensitive skin. Combining the terms "AC" for acne and "SEN" for sensitive skin, this range offers gentle yet effective solutions to treat and soothe irritated, inflamed, or blemished skin. Formulated with special calming and hydrating ingredients that includes SelemixAN™ and Centella Asiatica which are ideal for those looking to treat both acne treatment and sensitive skin care.
