

PROFILE

2026

About Us

The name 3distica is more than just a title; it's a reflection of our vision and identity.

Inspired by the suffix "istic," which signifies qualities, practices, and innovation, it represents our relentless pursuit of excellence in 3D printing and custom manufacturing. The addition of "a" at the end is a deliberate nod to our roots in the Middle East, honoring the rich cultural heritage that shapes our values and ambitions. 3distica is where artistry meets precision, where innovation transcends boundaries, and where every creation carries a story of passion, purpose, and pride. This name is our promise: to redefine possibilities and leave a lasting mark on custom manufacturing industry.

At 3Distica, we push the boundaries of innovation, merging technology with expert craftsmanship to bring visionary ideas to life. Specializing in 3D printing, modeling, robotics, and automation, we deliver precision-engineered solutions that redefine industries.

Our Approach Methodology

1

Discovery & Consultation

Initial Consultation
Scope & Feasibility
Project Planning

3

Production & Manufacturing

Material Selection
Fabrication Process
Quality Assurance

5

Installation & Delivery

Site Survey | Installation
Logistics & Delivery

6

Post-Project Support

Feedback Collection
Ongoing Support
Future Projects

2

Design & Development

Conceptual Design
Collaborative Review
Refined Design

4

Finishing & Quality Control

Surface Treatment
Personalization
Final Checks

Market Position

3Distica leads the market with an unwavering commitment to delivering results on time and within budget. By leveraging the latest technologies and cultivating a highly skilled team, we tackle complex challenges with precision and efficiency, earning the trust and confidence of our clients.

We specialize in tailored solutions that combine expert craftsmanship, advanced machinery, & innovative technology. Regardless of the custom manufacturing method, we focus on delivering scalable, high-quality results that are perfectly aligned with our clients' unique needs.

Industries We Serve

1. Product Development & Prototyping

2. Custom Manufacturing & Fabrication

3. Architectural Models & Real Estate Solutions

4. Retail, Hospitality & Interior Features

5. Awards, Trophies & Corporate Gifts

6. Public Art, Sculptures & Landmark Installations

7. Events, Exhibitions & Brand Activations

8. Recycled & Sustainability

1. Product Development & Prototyping

Our Services

Reverse Engineering & Prototyping

Manual Measurements
CAD Modeling

3D Modelling & Design / Digital Sculpting

Custom product design
Industrial & Architectural visualization
Character & asset creation
Fine art Sculpting & Installations

3D Scanning

High-Resolution Scanning
3D Modeling Conversion

2. Custom Manufacturing & Fabrication

Our Services

3D Printing

Technologies

FDM | SLA | SLS |

Materials

ABS | ASA | PLA+ | PETG | TPU
PA12 | Resin (Yellow, Transparent, White)

Styrofoam Sculpting

Techniques

Manual Carving & Sculpting | Robotic Multi-axis

Finishing

RAW Styrofoam
Hard Coating (Cement, Resin & GRP)

Fiberglass Products

Services

Mold Making | Casting | Hard coating
Fiberglass Sheets

Custom Manufacturing & Fabrication

Joinery & Carpentry Work

Services

Custom Woodwork | Stands

CNC Routing & Milling

Materials

Acrylic | Wood | Metal | Composite

Laser Cutting & Engraving

Materials

Acrylic | Wood | Metal | Composite

Mold Making & Casting

Materials

Silicon | Fiberglass | Resin

Metal Fabrication

Services

Welding | Cutting | Forming/Bending
Custom Parts

Surface Finishing & Treatment

Services

Spray Painting | Specialty Coatings
Indoor & Outdoor Chroming

Our Services

Custom Manufacturing & Fabrication

FABBRICA
ITALIANA

Our Services

Signages (Indoors & Outdoors)

Materials

Acrylic | Metal | Illuminated & 3D Signage

Custom Figurines

Technology

3D Printing | Fiberglass

Large Format Printing

Services

Vinyl & UV DTF Graphics for branding
Plotter Cutting | Direct UV Printing

3. Architectural Models & Real Estate Solutions

Our Services

3D Maquettes Scale Models

Services

Concept Design | Planning & Development Models | Structural & Functional Models

Maintenance & Repaire

Services

Refurbishing & Restoration
Upgrades & Modernization
Custom Modifications

Planning & Visualization

Services

Concept Development
Landscape Visualization

4. Retail, Hospitality & Interior Features

Shop, Retail & Interior Fit-Out

Services

Concept Design | Space Planning
Fabrication & Installation

Window & Permanent Display

Features

Illuminated Signs | 3D Elements
Interactive Setups

Custom Wall Art & Displays

Services

UV Printed Artwork
3D Layered Wall Art
Custom Decorative Panels

Our Services

5. Awards, Trophies & Corporate Gifts

Our Services

Custom Awards & Recognition

Types

Recognition Awards | Sports Trophies | Event Awards | Sports Trophies | Event Awards | Executive Gifts | VIP Souvenirs | Personalized Solutions

Materials

PLA | ASA | Acrylic | Resin | Crystal | UV Printing | Texture Painting | Special Painting | Custom Painting

Trophies

Corporate Gifts

6. Public Art, Sculptures & Landmark Installations

Public Art

Creating meaningful artworks that enrich public environments, inspire communities, and contribute to cultural and urban development.

Our Services

Public Art

Theme Park Installations

Sculptures

Landmark Installations

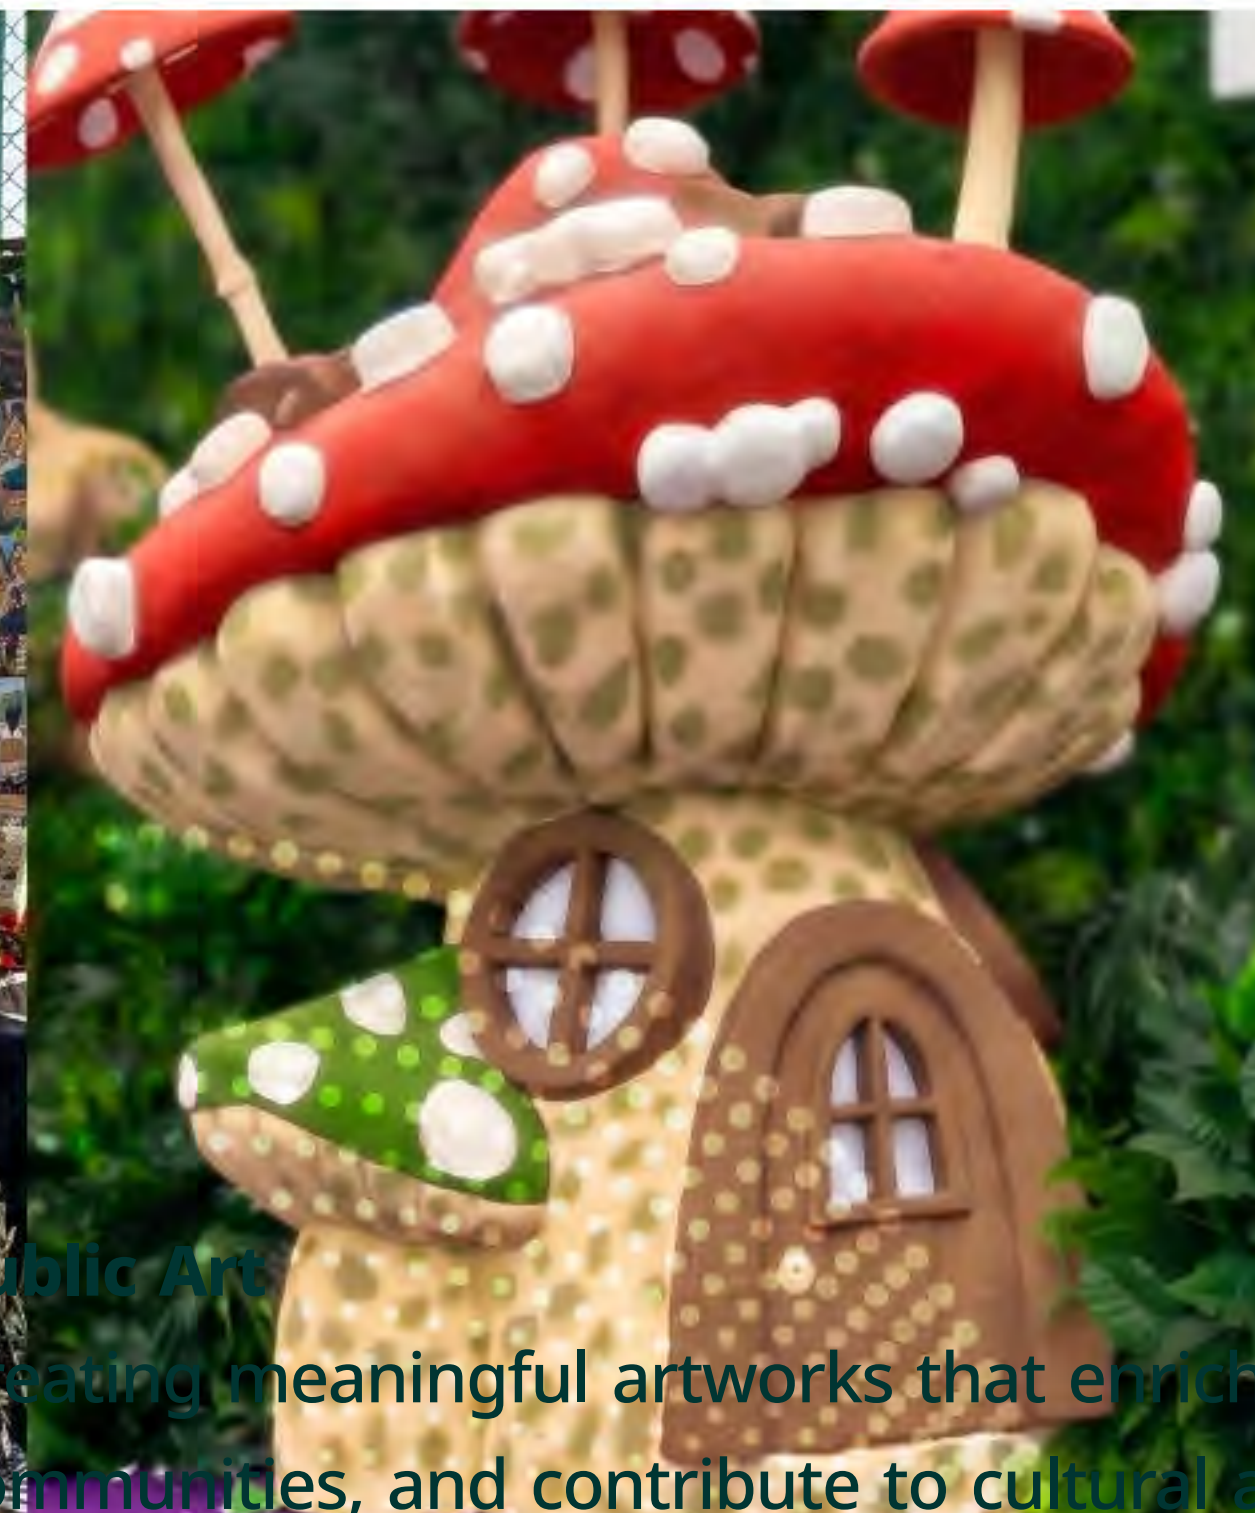

Types

Public Installations | Artistic Installations | Urban Placemaking | Large-Scale Sculptures | Artistic Features | Signature Landmarks | Destination Icons

Materials

Styrofoam | Fiber Glass | Metal | Wood | Mixed Materials | Chrome | Materials as per the request

7.Events, Exhibitions & Brand Activations

Public Art
Creating meaningful artworks that enrich public environments, inspire communities, and contribute to cultural and urban development.

Our Services

Events

Services

Corporate Events | Product Launches
Experiential Experiences
Custom Kiosks | Modular Designs

Exhibitions

Services

Exhibition Stands
Trade Show Displays
Pavilion Solutions

Brand Activations

Services

Interactive Experiences
Retail Activations
Promotional Campaigns

8. Recycling & Sustainability

Public Art

Creating meaningful artworks that enrich public environments, inspire communities, and contribute to cultural and urban development.

Our Services

Recycled Art Installations

Services

- Bottle Artworks
- Upcycled Sculptures
- Public Art Features

Sustainable Fabrication

Services

- Eco-Friendly Materials
- Low-Waste Production
- Green Manufacturing

Circular Design Solutions

Services

- Waste-to-Art Concepts
- Repurposed Installations
- Sustainable Brand Displays

A Formula1 Car Born from bottles, metal, & imagination.

 Over 1,500 recycled plastic bottles were transformed to create this remarkable masterpiece.

The Sustainability Dome

At 3Distica, we proudly present The Sustainability Dome—a showcase of environmental innovation and advanced engineering. Made from recycled HDPE and 3D-printed biodegradable PLA+ parts, and held together with ropes from recycled fabric, it highlights our commitment to sustainable production.

The HDPE is sourced through a comprehensive recycling process—from collecting and shredding plastic bottles to molding and pressing them into strong beams and sheets. The use of biodegradable PLA+ and reclaimed fabric ropes further emphasizes our focus on eco-friendly and durable solutions.
