

Heights Tutorial Class Description

Course Title: Fundamentals of Math

Teacher: Jenna Boyd

Grade: 7th

Day of week: Tuesdays

Time: 8:30-9:55

Minimum of 6 students required to start

Tuition: \$425

Course Description

This course will provide a structured approach of math because of the order established in God's creation. This includes the following: Classifying numbers, apply rates, master arithmetic involving integers and fractions, express solutions with precision, Algebraic expressions and equations, discounts, interest, area and volume, probability and statistics. Upon completion of this course, the student will have the basic knowledge for moving to higher levels of mathematical study.

Instructional videos provided by the tutor throughout the week for each lesson. Assignments will be posted on Google Classroom. Class time will be used to answer questions and review harder concepts. Testing will be done at home and turned into the tutor for grading. It will be up to the guardian to proctor the test as they see fit.

Prerequisites

6th grade math

Textbooks Required

Fundamentals of Math Grade 7 Student Text: ISBN-13: 9781628568509

Fundamentals Assessments Book: ISBN-13: 9781628568547

Supply List

Notebook paper

Pencils
