What is a community foundation?

Community foundations are tax-exempt public charities that are , supervised by the Secretary of Washington State and help to improve the quality of life for people in their local towns. Donors create and build philanthropic funds that are held and managed by community foundations. Guided always by the donors' intentions, these foundations ensure that grants for the good of the community are made to nonprofit organizations and scholarships are awarded to worthy students.

We partner with nonprofits and communities to create change.

Every year, we team up with amazing people to make a difference locally. At the Community Foundation, everyone is welcome to invest in critical needs and opportunities through our strategic and flexible grant programs. From donors who believe in our young people's potential to students pursuing their goals to everyone who boosts the vital role of local nonprofits in creating thriving communities — we can do more together than anyone can do alone.

How We Put Your Generosity to Work

Generosity is for everyone. It sparks hope and possibility and embraces the needs of our vibrant communities with an everlasting impact that provides real people with a joyful experience in all areas of life. We can uplift and enact this shared truth by giving generously to the communities we know and love. The Foundation offers flexible giving options and six different fund types to meet donors' interests and charitable goals. The fund type that works best for you ultimately depends on how involved you wish to be in making grants or distributions from your fund.

Agency Fund

These funds are for nonprofits that want to provide perpetual income to their organization without the administrative burden of managing an endowment themselves.

Designated Fund

These funds are designed for donors who want to support one or more specific organizations over time.

Scholarship Fund

These funds are for donors who want to help local students pursue their higher education goals. Donors can establish scholarship criteria or leave it to the discretion of the Foundation

Donor Advised Fund

These funds are for individuals, families, businesses, and others who want a convenient and flexible way to participate in grantmaking.

Field of Interest Fund These funds are for donors who want to support grants around a specific cause or interest, such as the arts, education, health, and more!

Endowment Fund

These funds will last in perpetuity to support organizations close to your heart for many years to come.

Ted and Liz Bruener Entrust Grays Harbor Community Foundation with \$15 Million Gift

Grays Harbor is more than just a place, it's a community that holds a deep sense of connection and pride. Its familiar neighborhoods and streets carry the memories of generations, and for many, returning feels like coming home. But what truly defines Grays Harbor is its people.

Ted and Liz Bruener, two long-standing members of this community, have chosen to leave a lasting legacy. By entrusting the Grays Harbor Community Foundation with a \$15 million gift, they are ensuring that their support will continue to benefit local organizations for many years to come.

Throughout their lives, Ted and Liz quietly contributed to the well-being of Grays Harbor, particularly focusing on youth sports and education in the communities of Lake Quinault and Hoquiam. Their generosity, done quietly and without fanfare, made a lasting impact on the lives of young people and reflected their strong commitment to community.

Eric Potts, Executive Director of the Grays Harbor Community Foundation, commented, "The Theodore and Elizabeth Ann Bruener Endowment Fund is one of the largest gifts we've received in our 30-year history. Their generosity will support several local organizations, including St. Mary School, Grays Harbor College World Class Scholars Program, and the school districts of Lake Quinault and Hoquiam. The Bruener's were particularly passionate about youth sports, with some of their fondest memories being of watching their son, 'Mr. Ted,' play baseball at Olympic Stadium."

"This gift has the potential to transform local organizations and will enable us to carry forward Ted and Elizabeth's charitable vision for many years," Potts continued. "Thanks to donors like the Bruener's, the Foundation now manages over \$108 million in assets, strengthening our ability to serve the community."

Keith and Nancy Rattie Invest Thousands in Aberdeen Students Dreams of College

Growing up in Grays Harbor, most of us have had dreams of taking our small town roots and seeing how they grow in the outside world. Keith Rattie, an Aberdeen High School Class of 1972 graduate and Class Salutatorian did just that. Still having ties to Grays Harbor, Keith was referred to the Grays Harbor Community Foundation in an effort to give back to the high school that encouraged his early success. Keith and his wife Nancy recently established the "Keith and Nancy Rattie Scholarship" for Aberdeen High School graduates majoring in the STEM field. This is a very generous scholarship that is renewable for 3 additional years.

A self-proclaimed Aberdeen boy who "didn't have a clue" about what he wanted to do, Keith went on to graduate from the University of Washington with a Bachelor of Science in Electrical Engineering (Magna Cum Laude at that) and then to St. Mary's College for his MBA thanks in large part to a program called "Dollars for Scholars." This program at Aberdeen High School in the 1970's provided him the important financial support he needed to attend college to pursue his dreams and jump started what would be many years as a businessman at the pinnacle of success in the energy field.

Living in a small community like Grays Harbor, we are often reminded of the tremendous generosity of our residents and are grateful for people like Keith who left home, but never forgot where he came from and every step along the way that led to his success.

The background of the entire page is a photograph of a forest. In the foreground, there is a large, neat pile of cut logs, showing their circular cross-sections with light-colored wood and dark bark. The logs are stacked in several layers. Behind the logs, a dense forest of tall, thin trees with green foliage stretches into the distance. The lighting is soft, suggesting a slightly overcast day or a shaded forest area.

The power of giving in your community is boundless. You can help people live healthier lives, support the arts, help students succeed in school, promote health and wellness, create vibrant neighborhoods, and so much more. We are here to help you make the good you envision a reality.
