Happy July 4 weekend!

America Needs You

In World War II, a poster of Uncle Sam pointed right at you and said: "I want you for U.S. Army."

Those were frightening times for the whole world, but those were outside problems. I have no doubt Americans can deal with any problem with outside enemies.

It's the inside enemies that worry me. Today our problem is our neglect of the living God. It is those who deliberately want to throw the nation into chaos. What does America need for the church to do?

First, we need to be steady and dependable with our commitment to biblical truth. *"There is a way that appears to be right, but in the end it leads to death" Proverbs 14:12.* Our country has turned to many ways that appear to be right but which will ultimately lead to destruction. The church must show the way by teaching biblical truth.

Second, the church must embrace revival. It's time for the church to get its house in order so that we can lead the nation as a whole. It must be God's people who lead the way in revival: *"If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land" 2 Chronicles 7:14.*

Third, the church must be involved in the political process. We must register, vote, contribute, and hold elected officials accountable. Don't believe the lie that your vote doesn't matter.

Finally, we must pray for a third Great Awakening. We have been here before. May God bless America with revival and the churches be filled with new believers. It can happen again. Let us pray fervently, believing that God will hear our prayer and heal our land.

May God bless America.
