PORECENT  **ENCA** **COSUZZLE** **ERAPORE** **62LAB**

30 Years of Ingredient Expertise, Proven by Clinical Trials

For over 30 years, CNC LTD has been sourcing premium cosmetic ingredients from Europe and the United States, developing skincare products focused on functional ingredients to address various concerns of problem skin.

We have launched specialized brands tailored to different skin needs: **PORECENT** for pore care, **62LAB** for naturally derived cosmetics made with organic ingredients, **COSUZZLE** featuring vitamins as key ingredients, and **ENCA** for functional skincare targeting acne-prone skin.
