President's Address

Cairn Community Games National Athletics & Outdoor Team Finals 2025 continue this weekend in Carlow.

We look forward to welcoming counties from across the country for a diverse weekend of sport - from lightning-fast relays to powerful field events, and incredible team performances.

I know lots of preparation has been going on in all corners of Ireland ahead of this event and I would like to wish all children taking part the very best of luck! Reaching Regional & National Finals while representing your home area and county is a huge achievement in itself. I hope you and all your family enjoy this special weekend and make lots of wonderful memories.

Without our volunteers, we wouldn't be able to host such events so I personally want to thank all who give up their time for Cairn Community Games and the children we represent.

Lastly, a word of appreciation to our partners - TFI, Bus Eireann, Fit Foods and Irish Daily Mail who are all here this weekend.

To sign off, I want you all to acknowledge and welcome our Title Sponsors Cairn. We are very thankful of your support and belief in us and we hope you enjoy our National Finals this year.

Gerry McGuinness

President, Cairn Community Games

The energy and enthusiasm of the children, the commitment and hard work of the volunteers, and the meticulous planning and execution by the dedicated staff are the heart of this event. A special thank you to our funders and title sponsors, Cairn, for their generous support.

Looking forward to celebrating these two days of fun and community spirit with everyone.

PAST PARTICIPANTS ADVICE

I remember going to Community Games national finals for the first time in 2008, where I won a medal. I represented Dublin in athletics and that helped me get to where I am today, because of the stuff I learned — like how much fun sports was.

Jack Woolley

Enjoy the process and don't get caught up in the results. I was never particularly good growing up. When I won my first medal at Community Games, I didn't win another for years after. I never looked at being an athlete as a career when I was younger; but because I loved it, I stuck with it and it brought me some of the best moments of my life.

Sharlene Mawdsely

My advice is do what makes you smile and laugh, when you're enjoying the training and the people you're training with, and it makes you feel good, keep doing it! It's never too late, and you don't have to limit yourself to one thing. Don't be afraid to try new things that interest you!
